Article 76 Points
Point on the territorial sea baseline
60 M formula point
Sediment thickness formula point
Point on the distance constraint
Outer limit point on U.S.-Canada boundary extension
Map Parameters
Projection: Lambert Conformal Conic
Datum: WGS 1984
Central Meridian: -96.0
Standard Parallel 1: 20.0
Standard Parallel 2: 60.0
Map Scale: 1:2,700,000
Article 76 Lines
Outer edge of the continental margin
Distance constraint (350 M)
Outer limits of the continental shelf
