

EMBASSY OF THE  
UNITED STATES OF AMERICA

No. 049

The Embassy of the United States of America presents its compliments to the Ministry of External Relations of the Government of Cameroon and has the honor to refer to earlier discussions between representatives of the two Governments regarding the provision of defense articles, related training, and other defense services, including training provided pursuant to the United States International Military Education and Training program, on a grant basis pursuant to the Foreign Assistance Act of 1961, as amended or successor legislation.

In accordance with these discussions, it is proposed that the Government of Cameroon agree:

A. That unless the consent of the Government of the United States of America has been first obtained the Government of Cameroon shall not:

(I) Permit any use of such defense articles, related training, including training materials, or other defense services by anyone not an officer, employee or agent of the Government of Cameroon;

of the Government of Cameroon to transfer, such defense articles, related training, including training materials, or other defense services by gift, sale or otherwise; or

(III) Use, or permit the use of, such defense articles, related training, including training materials, or other defense services for purposes other than those for which provided;

B. That such defense articles, related training, including training materials, or other defense services shall be returned to the Government of the United States of America when they are no longer needed for the purposes for which they were furnished, unless the Government of the United States of America consents to another disposition;

C. That the net proceeds of sale received by the Government of Cameroon in disposing of, with prior written consent of the Government of the United States of America, any defense article furnished by the Government of the United States of America on a grant basis, including scrap from any such defense article, shall be paid to the Government of the United States of America;

D. That the Government of Cameroon shall maintain the security of such defense articles, related training, including training materials, and other defense services;

security protection afforded to such defense articles, related training, including training materials, or other defense services by the Government of the United States of America; that it shall, as the United States of America may require, permit continuous observation and review by, and furnish necessary information to, representatives of the Government of the United States of America with regard to the use thereof by the Government of Cameroon; and

E. That the Government of the United States of America may also, from time to time, make the provision of articles and services furnished under other authority (except the United States Arms Export Control Act) subject to the terms and conditions of the agreement proposed herein. (Transfers under the United States Arms Export Control Act shall continue to be governed by the requirements of that Act and United States regulations applicable to such transfers.)

The Ministry of External Relations' note stating that the foregoing is acceptable to the Government of Cameroon shall, together with this note, constitute an agreement between the two Governments, which shall enter into force on the date of the Ministry's note and shall supersede the Agreement concerning the provision of training related to defense articles under the United States International Military Education and Training (IMET) program, effected by the exchange of notes in

Yaounde on March 3, 1980 and June 19, 1980, in its entirety.

The Embassy of the United States of America avails itself of this opportunity to renew to the Ministry of External Relations the assurances of its highest consideration.
