Washington, D.C. 20520*

March 3, 2005

NOTICE

Tax-Card Expiration Date Change

The Office of Foreign Missions is developing a new and innovative program that will dramatically alter its provision of diplomatic tax-relief privileges. As this process develops further, more information will be formally shared with the foreign mission and international organization communities. If adopted, this new system will replace the program of official and personal diplomatic tax-exemption cards that is currently used.

In preparation for this new system, OFM will no longer issue tax-exemption cards with an expiration date beyond ***September 30, 2006***.
