

16 FAM 200 MEDICAL EXAMINATION AND CLEARANCE

16 FAM 210 MEDICAL EXAMINATION

*(CT:MED-3; 06-30-2005)
(Office of Origin: M/MED)*

16 FAM 211 CONDUCTING A MEDICAL EXAMINATION

*(CT:MED-3; 06-30-2005)
(Uniform/State/USAID/Commerce/Foreign Service Corps–USDA/BBG)
(Applies to Civil Service and Foreign Service Employees)*

A medical examination shall be conducted to determine if a candidate or employee and his or her eligible family member(s) has any physical or mental conditions which may require medical management, follow-up, or monitoring, and which could affect assignment abroad. See 16 FAM 121, paragraph b.

16 FAM 212 WAIVER OF FAMILY MEMBER'S IN-SERVICE MEDICAL EXAMINATION AND CLEARANCE CLASSIFICATION ON GROUNDS OF RELIGIOUS CONVICTIONS

*(CT:MED-3; 06-30-2005)
(Uniform/State/USAID/Commerce/Foreign Service Corps–USDA/BBG)
(Applies to Civil Service and Foreign Service Employees)*

The employee may request his or her agency to grant an administrative waiver of the in-service medical examination of a family member on the grounds of religious conviction. Waiver of in-service medical examination for reasons of religious convictions applies only to eligible family members and not the employee.

16 FAM 213 MEDICAL EXAMINATION FOR SEPARATION

(CT:MED-3; 06-30-2005)

(Uniform/State/USAID/Commerce/Foreign Service Corps–USDA/BBG)

(Applies to Civil Service and Foreign Service Employees)

The medical examination performed at the time of separation from the Medical and Health Program serves to identify medical conditions that may have developed during service abroad. Separation for these purposes includes retirement, resignation, or administrative separation of an employee. Upon the death of an employee, the eligible family members will be authorized a separation physical exam and clearance determination:

- (1) All separating employees and their eligible family members must obtain a separation medical examination, either at post, in the Office of Medical Services (M/MED) Washington, DC, or from a personal physician in the United States, or submit a Form DS-1689, Waiver of Medical Claim. The examination must be initiated prior to the date of separation and completed within 90 days for employees and family members;
- (2) The Office of Medical Services will review the separation medical examination. If additional tests or consultations are required, the examinee will be notified and must provide the results of such tests and consultations within 90 days of the notification. Upon completion of the clearance action, the appropriate agency will be notified that the separation medical examination has been completed or that a request for a waiver from a physical examination has been received;
- (3) It is the employee's responsibility to see that he or she and eligible family members, including children when they reach age 21, begin and complete a separation medical examination(s) within 90 days prior to the employee's separation date or an eligible family member's twenty-first birthday. If the employee or an eligible family member does not complete an examination, a Form DS-1689, Waiver of Medical Claim, must be completed for each individual and received by the Office of Medical Services before the date of the employee's separation;
- (4) Failure to complete the separation medical examination within 90 days after separation will result in forfeiture of allowable medical benefits under the Medical and Health Program for treatment or care of a medical condition acquired while abroad and not identified at the time of separation.

16 FAM 214 THROUGH 219 UNASSIGNED
