

TELCON  
Secy Laird  
Mr. Kissinger  
4-30-69 3:05 PM

L said he wanted to talk a bit about seabeds thing. L said he did not want to get into argument at meeting - it seemed to him the thing is to lay draft on table. L said he did not want that draft laid on table, however - he has some suggestions for draft but did not want to come out with them. L asked if he could send them over to K and K said yes. K said maybe President will go ahead and decide - in order to get time on other things - and L should get his changes into the draft. L said that was bad forum to do it. K said President has not made up his mind but if he does go ahead, the procedure would be one K and L are talking about. L said he wanted to get harder position on it. K said L fought good fight this morning. K said for L to get his changes over and if President decides to go ahead we will make ~~his going over~~ L's changes condition for going ahead. L said o.k.
