TECHNICAL COOPERATION AGREEMENT
BETWEEN
THE UNITED STATES OF AMERICA
AND
THE KINGDOM OF SAUDI ARABIA

In recognition of the good relations existing between the Kingdom of Saudi Arabia and the United States of America (the Parties), and of the mutual desire to further this relationship,

And desirous of facilitating the transfer of technical knowledge, advice, skills and resources from United States to the Kingdom of Saudi Arabia in the areas of critical infrastructure protection and public security, including border protection, civil defense capabilities, and coast guard and maritime capabilities,

The Parties agree that:

1. The United States will make available for sale to the Saudi Arabian Ministry of Interior (MOI), for the purpose of assisting the Kingdom in the development of its capacity in the areas of critical infrastructure protection and public security, including border protection, civil defense capabilities, and coast guard and maritime capabilities, articles and services, including technical assistance as provided for in subsequent project-specific agreements between the Kingdom of Saudi Arabia and the United States. Such technical assistance may include provision of advice, training and equipment and other resources. The United States will provide the MOI with technical assistance directly or through U.S. Government contractors, or will facilitate the procurement by the Kingdom of Saudi Arabia of such knowledge, skills and resources from private U.S. organizations.

2. All U.S. assistance upon the advance of funds by the Kingdom of Saudi Arabia to the United States under this agreement will be done pursuant to subsequent project-specific agreements. The Kingdom of Saudi Arabia will pay all costs for services performed, equipment provided and expenses incurred by the United States under these project-specific agreements. The United States will pay for all costs of U.S. Government direct-hire employees assigned to the Kingdom of Saudi Arabia to perform services under this Agreement.

3. The Kingdom of Saudi Arabia will establish a dollar disbursement account in the United States Treasury. Any funds required by the United States for agreed-upon projects will be deposited by the Kingdom of Saudi Arabia in the account in such amounts and at such times as are mutually agreed, and the
United States may draw on this account in the amount so agreed. If upon
termination of this agreement there are funds remaining in the special account
after all expenses have been paid, such funds will be refunded to the Kingdom
of Saudi Arabia.

4. U.S. Government personnel who are assigned to perform services under this
Agreement will be attached to the Embassy of the United States of America in
the Kingdom of Saudi Arabia and will be entitled to the corresponding
privileges and immunities of the administrative and technical staff of the
Embassy unless otherwise agreed by the Parties. U.S. contractors in Saudi
Arabia under this Agreement will be accorded immunity for all acts done in
furtherance of the Agreement.

5. The United States may make available training in the United States, or may
arrange visits designed to assist in the acquisition of specialized technical or
professional knowledge, for selected employees of the MOI. The number of
participants and the kind and duration of training shall be mutually agreed
between the Kingdom of Saudi Arabia and the United States. Funds for
expenses associated with this training will be withdrawn from the account
established pursuant to paragraph 2 above.

6. The Parties will establish a Joint Commission on Infrastructure and Border
Protection (the Commission). The Commission will be headed by the Under
Secretary of State for Political Affairs for the United States and by the Assistant
Minister of Interior for Security and Internal Affairs for Saudi Arabia. Its
purpose will be to develop and oversee implementation of programs under this
Agreement.

   a. The Commission members will include representatives from the
      Departments of State, Energy, Homeland Security, Defense, and possibly
      other agencies from the United States side. For the Saudi side, it will include
      representatives from the Ministry of Interior and possibly other Saudi
government ministries or departments.

   b. Joint Working Groups will be established as needed to consider specific
      project proposals in the areas specified in this Agreement or to review
      implementation issues regarding such projects. All specific work-program
      activities will be discussed through the relevant Joint Working Group on a
      case-by-case basis. These could include the following: a Joint Working
      Group on border protection issues; a Joint Working Group on civil defense
      issues; and a Joint Working Group on maritime protection issues.
c. The first formal meeting of the Commission will take place in Saudi Arabia, at a mutually agreed-upon time. The two sides will strive to meet thereafter on a semi-annual basis, with one meeting in Riyadh and one meeting in Washington, D.C.

d. The Joint Working Group on Critical Energy Infrastructure Protection will continue its ongoing efforts, pursuant to the December 7, 2006, of Saudi Arabia. However, it will become a part of the Commission.

7. The Kingdom of Saudi Arabia agrees that no claim will be brought by Saudi Arabia against the United States or its employees or contractors that may arise as a result of the articles or services, including technical services furnished under this Agreement or under subsequent agreements for agreed-upon projects under this Agreement, and further agrees to hold the United States harmless against any and all claims that may arise as a result of the articles or services, including technical services furnished under this Agreement.

8. Assistance provided by the United States under this Agreement will be subject to U.S. law and regulations.

9. The duration of this Agreement will be five years, subject to revision or extension, as mutually agreed. This Agreement enters into force upon signature of the Parties. This Agreement may be terminated at any time by either Party with ninety days’ advance written notice.

Signed at Riyadh on the 16th day of May, 2008, in duplicate, in the English and Arabic languages, both texts being equally authentic.
