### Mission

The Bureau of South and Central Asian Affairs (SCA) manages U.S. foreign policy and U.S. relations with the countries of Afghanistan, Bangladesh, Bhutan, India, Kazakhstan, Kyrgyzstan, Maldives, Nepal, Pakistan, Sri Lanka, Tajikistan, Turkmenistan, and Uzbekistan.

The Department's interests and engagement in South and Central Asia are critical to U.S. national security. Through diplomacy, security, development, and economic prosperity, the Bureau aims to diminish those circumstances under which terrorists thrive and insurgency grows. This requires building political and popular interest against terrorism, strengthening international cooperation, and bolstering the capabilities of U.S. allies in the region. These goals are key components of the Department's overall strategic policy.

### Priorities

The United States has a consistent policy throughout the region: promote democratic stability as the base from which to counter extremism and terrorism. The Bureau's robust FY 2010 resource request demonstrates that the U.S. Government is a reliable partner to the region and committed to strengthening democratic institutions and processes while helping build the capacity of governments to fight terrorism and provide services and opportunities to their people.

#### Afghanistan and Pakistan

Ensuring that Afghanistan and Pakistan have the ability to provide for their long-term security against insurgents continues to be a primary goal. Success in Afghanistan is linked to stability and security in Pakistan. Taliban and al-Qaeda elements continue to exploit the loosely governed and impoverished regions along the Afghan-Pakistan border, particularly the Federally Administered Tribal Areas (FATA), to plan and launch attacks on Afghan, Pakistani, U.S., and NATO forces. To succeed, the U.S. Government must maintain its commitment and concurrently help build sustainable security forces in Afghanistan and Pakistan, extend the reach of the Afghan government throughout the country, and support social and economic development in both countries. SCA implements numerous U.S. assistance programs for the region, including: training and equipping security forces and extending their reach; a bold counter-narcotics effort that includes public information, law enforcement, judicial reform, eradication, and economic development; border security and rule of law efforts that undercut cross-border movement of criminals, extremists, narcotics, and weapons of mass destruction; building institutional capacity, strengthening sub-national governance, fostering independent election commissions, and providing much needed infrastructure for transport and power, enabling farmers to access markets.

As shown in the indicator below, improving Afghan-Pakistan border security is critical to curtailing criminal activity, narcotics trafficking, and overall violence in the wider region.

STRATEGIC GOAL: ACHIEVING PEACE AND SECURITY	
Strategic Priority: Security Cooperation and Security Sector Reform	
Indicator: Status of Pakistan-Afghanistan border security	
Target FY 2010	Continued increases in the effectiveness of official customs border checkpoints as evidenced by further reductions in illegal crossings from Afghanistan and increases in narcotics interdictions over the prior year. Pakistan and Afghanistan will implement biometric immigration controls at all border points. Construction of the final two Border Coordination Centers will begin. [More effective coordination increases G8 assistance to the Afghan-Pak border region from 2009.]

## D&CP – BUREAU OF SOUTH AND CENTRAL ASIAN AFFAIRS

Target FY 2009	Increase in the effectiveness of official customs border checkpoints as evidenced by a reduction in illegal crossings from Afghanistan and an increase in narcotics interdictions. The second Border Coordination Center will be completed and construction of two additional facilities will be initiated. [More effective coordination increases G8 assistance to the Afghan-Pak border region from 2008.]
Target FY 2008	Pakistan and Afghanistan implement biometric immigration controls at a minimum of three land border points. Pakistan will coordinate with the Office of the Defense Representative to undertake construction of a second Border Coordination Center. [More effective coordination increases impact of G8 assistance to the Afghan-Pak border region from 2007.]
Results FY 2008	<b>Rating: On Target</b> One Border Coordination Center is operational in Torkham on the Afghan side, and another is in construction in Lwara, Afghanistan. Additionally, the Government of Pakistan has identified two Border Coordination sites. Although it has not implemented biometric controls at its border crossings, Pakistan has in place the building blocks for a comprehensive biometric watchlists system. There is an automated entry/exit system that could be biometrically enabled, an Automated Fingerprint Identification System is being deployed, and both the Pakistani passport and national ID card now use biometrics. During the 2008 G8 Summit in Hokkaido, G8 Leaders committed to supporting a comprehensive economic strategy to provide long-term regional stability and security to the Afghanistan and Pakistan border.
Impact	This has increased the ability of the Government of Pakistan and Afghanistan to improve systems for tracking the movements of potential terrorist suspects, narcotics, and weapons of mass destruction along the Pakistan-Afghanistan border.
Results FY 2007	The number of cross-border attacks into Afghanistan from insurgents in Pakistan remains steady, with no significant improvement over the prior year. USG interagency coordination continues to deepen, particularly with the Department of Defense. Construction began on the first Border Coordination Center in Torkham on the Afghanistan side of the border.
Results FY 2006	Narcotics seizures doubled and number of insurgents captured along the border increased.
Results FY 2005	N/A
<b>VERIFICATION AND VALIDATION</b>	
Data Source and Quality	Data as reported by Embassy Islamabad. While indicator data is considered valid and verifiable, DQA revealed moderate data limitations in the following areas: limited independent review of reported results; limited standard procedures for periodic review of data collection, maintenance and processing.

The training and deployment of, and expansion of influence by, the Afghan National Army indicates progress towards establishing sustainable security in Afghanistan. The indicator below demonstrates the Department's progress in increasing international community assistance to the Afghan National Security Forces.

<b>STRATEGIC GOAL: ACHIEVING PEACE AND SECURITY</b>	
<b>Strategic Priority: Combating Weapons of Mass Destruction and Destabilizing Conventional Weapons</b>	
<b>Indicator:</b> Status of Capacity Building of the Afghan National Security Forces to Defend a Credibly Elected Afghan Government and its Territory from External and Internal Threats	
Target FY 2010	1% increase in international contributions – weapons, equipment and trainers/mentors – to the Afghan National Security Forces over FY 2009.
Target FY 2009	1% increase in international contributions – weapons, equipment and trainers/mentors – to the Afghan National Security Forces over FY 2008.
Target FY 2008	Baseline year.
Results FY 2008	Rating: Data Not Yet Available Although individual donor contribution varies greatly year to year, in 2008 donors' contributed nearly \$95 million - everything from bullets to sleeping bags to medical equipment, as well as monetary support - to help build the capacity of Afghan security forces.

## D&CP – BUREAU OF SOUTH AND CENTRAL ASIAN AFFAIRS

Impact	U.S. diplomatic efforts directly contributed to international awareness of the ongoing challenges to stability in Afghanistan and the importance of assisting the Afghan government's reconstruction efforts. The U.S. continues to successfully lobby for assistance to help strengthen the Afghan National Security Forces so that it can protect its territory from external and internal threats.
Results FY 2007	Indicator and baseline established in FY 2008.
Results FY 2006	Indicator and baseline established in FY 2008.
Results FY 2005	Indicator and baseline established in FY 2008.

### **Regional Stability**

The Department's focus today is on supporting Afghanistan's, Pakistan's and the Central Asian states' efforts along their joint borders to increase security and bolster each government's ability to meet the needs of its people. However, overall regional stability is impossible without preventing the movement of terrorists, criminals, weapons of mass destruction, and narcotics across borders. Thus, the Bureau will continue to work for strengthened borders, improve the rule of law, enhance the capability to fight international crime, and support post-conflict disarmament and assimilation.

### **Expanding Democracy**

A stable region will not be built through investing in security alone. When governments function in a transparent and effective manner, the space for extremists and insurgents to operate with impunity closes. Promoting good governance and sound institutions that impartially enforce the law and regulate the economy figures prominently in the Department's goal to advance and institutionalize democratic reform at the regional and local level. Foreign assistance programs implemented by the Bureau target education, transparent government, rule of law, independent election commissions, media freedom, and technology – all of which support the foundations on which modern democracies can stand.

### **Economic Integration and Development**

Across the region, the Bureau will promote economic growth and integration through implementation of foreign assistance programs to improve infrastructure, including roads, communication networks, and energy solutions. Requested resources will also support work with governments to adopt macroeconomic reforms; growth-promoting trade and investment policies; and support private sector development, especially for small and medium-sized enterprises. The creation of a transparent, regional electricity market that could provide reliable electricity supplies from Central Asia for domestic use and export to its neighbors, especially Afghanistan, continues to be a priority.

### **Partnership with India**

The U.S.-India relationship is grounded in mutual strategic interest in advancing global stability and prosperity, and defeating terrorism. U.S.-India relations will continue to expand and deepen as the U.S. moves forward with civil nuclear and defense cooperation and strengthens trade and investment ties. India is an important strategic partner in the region and, the U.S. is working with India to promote democracy and stability in Sri Lanka, Nepal and Bangladesh. India also continues to be an important donor to Afghanistan.

### ***Justification of Program Change***

Supplemental funding in FY 2008 and FY 2009 has been regularized in the FY 2010 request. Onetime costs have not been recurred. Funding for the support of Department of state limited-term appointments and contractors and for personnel of other U.S. Government agencies for the PRTs in Afghanistan and Pakistan is included in SCA's budget request.

## **D&CP – BUREAU OF SOUTH AND CENTRAL ASIAN AFFAIRS**

### **Afghanistan Air Wing**

There is an urgent requirement for \$60,000,000 to expand Department-managed air transport from six to ten aircraft in Afghanistan. The initial purchase of six aircraft was funded from FY 2008 supplemental and FY 2009 bridge funds. The establishment of an Air Wing is required to provide safe, reliable air transportation (up to 35,000 individual personnel movements) to over 40 locations with remote PRTs, with and without airstrips, within Afghanistan – an estimated eight or more sorties per day. This is also necessary to support medical evacuation, Quick Reaction Force transport, and security operations (i.e., convoy cover, aerial escort, reconnaissance/aerial survey). FY 2008 and the FY 2009 bridge supplemental funds were not sufficient to meet all transportation requirements. The Mission's acquisition of additional aircraft would meet requirements for reliable, responsive transport able to fly in hot zones with defensive capabilities not available through a commercial lease under the operational control and direction of the Embassy.

### **Overseas American Direct Hire Positions**

The request includes \$6,300,000 for 26 overseas positions. The success of the U.S. mission in Afghanistan depends on increased U.S. military and civilian operations that strengthen Afghan partners' ability to take charge of their own security and prosperity, while depriving terrorist insurgents of necessary resources. The request includes funds for fifteen overseas positions for Afghanistan, as well as Locally Engaged Staff and operational support, which will allow the Department to complement increased military operations with expanded civilian reconstruction efforts at the provincial and district level, as well as in Kabul.

Pakistan presents enormous dangers and enormous rewards for U.S. diplomacy. To manage these challenges, Embassy Islamabad and its three constituent posts, Karachi, Peshawar and Lahore, require additional resources to support essential new programs and to expand ongoing operations that capitalize on increased engagement with Pakistan. This request includes funds for eleven overseas positions required to support the management and oversight of the expanded programs.

### **Domestic Positions**

The request includes \$1,349,000 for ten domestic positions to manage expanded programs for Afghanistan and Pakistan and to support a separate Executive Office for SCA.

### **New Locally Engaged Staff (LES) Positions**

SCA requests \$5,060,000 for 168 new LES positions to support expanded programs throughout the region, especially in Afghanistan and Pakistan.

### **Vehicles**

SCA requests \$899,000 for replacement vehicles in ICASS and Program. Most of the vehicles have exceeded their useful life and need replacement and maintenance is becoming excessive. Several Posts are requesting new vehicles for support for new State, Department of Homeland Security, and other agency positions and additional ICASS local staff. Due to rising fuel crisis and rising fuel costs new vehicles are needed which will be more fuel efficient, smaller, and safer for transporting Post personnel.

### **Furniture/Equipment**

SCA Bureau is requesting \$5,391,000 for office furniture, IT equipment and upgrades, and office furnishings for newly-hired American and Locally Engaged Staff. The office furniture and equipment is beyond the normal life cycle, the technical equipment and communication lines need to be upgraded to current technologies, and new office furnishings and equipment are required for new staff.

### **Travel/Training**

The request includes \$285,000 for travel and training, including Afghanistan PRT training and for training courses needed to build and maintain LES skill levels. Courses include IT training to keep the skills of the staff up to date. Funding is needed for in-country and regional travel, external conferences, and FSI training courses.

## **D&CP – BUREAU OF SOUTH AND CENTRAL ASIAN AFFAIRS**

### **Public Diplomacy: New Americans Overseas**

The request includes \$2,205,000 for 13 new overseas positions to support expanded outreach programs. Positions are requested for the following posts: Afghanistan (5) – PRT/New Consulate General, Bangladesh – Information Officer, Hyderabad – Deputy Public Affairs Officer, Islamabad (2) – Assistant Cultural Affairs Officer and Assistant Information Officer, Karachi - Public Affairs Officer, Lahore – Public Affairs Officer, Sri Lanka – Cultural Affairs Officer, and Uzbekistan – Regional English Language Officer.

### **Public Diplomacy: New LES Support**

SCA requests \$1,280,000 for new LES positions as follows: Afghanistan (2); Bangladesh - position will help with creating a vibrant, more active website to meet key mission strategic goals for Public Affairs, including reaching a younger audience; Peshawar (3); Tajikistan (3); Uzbekistan (2); India (6) - essential to support the five GRP positions filled in FY 2007; Kazakhstan (2); Nepal (2); Tajikistan (3) and Turkmenistan (6) - essential to support efforts to broaden their reach and visibility.

### **Public Diplomacy: Program Requests**

Funding is requested in the amount of \$2,182,000. This includes an increase in post grant funds for Turkmenistan. The opening of Turkmen society is presenting unprecedented opportunities particularly in the areas of cultural exchanges and English language training. The post is expanding its outreach programs. Funding for Nepal includes various grants, cultural and special funds for strengthening democracy in a post-election, new government era. This request includes funds for publications, American Corners, and maintenance.

### **Public Diplomacy: Travel/Training Request**

SCA requests \$300,000 for travel and training. Posts support several American Corner Centers in various areas, and with the drastic fuel cost increase this has caused the cost of field travel to rise. The majority of the funds requested are to cover posts' budget shortfalls in travel and training. This additional funding will provide post the necessary funds to train staff properly. This funding includes estimated travel funds for the 8 new American direct hires and the 27 new LES positions requested. Training and travel is required to maintain proficiency in office skills, management skills, and time management.

### **Public Diplomacy: Furniture/Equipment Request**

The request includes \$437,000 for furniture and equipment. Posts are requesting furniture for new positions for the following: India – office/residential in Hyderabad and office furniture for six new LES staff; Kazakhstan – shredder; Sri Lanka – residential/office furniture for the new direct hire American position; Nepal – replace various equipment due to normal replacement cycle; and Pakistan - to purchase office/residential furniture and equipment/appliances for the four new direct-hire Americans.
