and
The Nuclear Agency of Romania and the National Commission for Nuclear
Activities Control of Romania
Concerning Cooperation in the Area of Countering the Proliferation of
Nuclear Materials and Technologies**

The Department of Energy of the United States of America, and the Nuclear Agency of Romania and the National Commission for Nuclear Activities Control of Romania,

ACTING pursuant to Article VIII of the Agreement between the Department of Energy of the United States of America and the Nuclear Agency of Romania and the National Commission for Nuclear Activities Control of Romania and Concerning Cooperation in the Area of Countering the Proliferation of Nuclear Materials and Technologies signed at New York on 19 July 2004 (hereinafter “the Agreement”),

TAKING INTO ACCOUNT that Romania is a member state of the European Union and is party to the Euratom Treaty, and

ACTING to permit the Government of Romania to comply with the Euratom Treaty and the requirements of the European Commission,

Have agreed as follows:

Article I

Article IV, paragraph 1(c) of Agreement shall be amended to read as follows:

“(c) safe and secure storage of Romania's nuclear materials, including improving methods of protection and control to reduce the risk of theft or possible diversion of nuclear materials stored at premises on the territory of Romania.”

Article II

1. This Amendment shall be applied provisionally from the date of signature and shall enter into force upon written notification, through diplomatic channels, by the Government of Romania to the Government of the United States of America that it has completed all internal applicable procedures required for its entry into force.
2. All other provisions of the Agreement remain unchanged.

IN WITNESS WHEREOF, the undersigned, being duly authorized by their respective governments, have signed this Amendment.

DONE at Washington, in duplicate, on the third day of December, 2008, in the English and Romanian languages, both texts being equally authentic.
