208	USAID	Economic Growth, Education, and Environment (E3)	Washington D.C.	Development Policy	Inform development policy decisions by analyzing country development achievements, reviewing proposed development projects, and tracking global trade and investment trends	Familiarity with economics, basic statistics with Excel required; Ability to use Stata, SPSS, or R a plus	MS Office platform - Int.; Research - Adv.		Ability to gather data from public sources, format within Excel, create and interpret derivative statistics; Familiarity with general International development principals; Familiarity with best practices in economic governance; International experience a plus but not required
209	USAID	Development Credit Authority; Economic Growth, Education, and Environment (E3/DC)	Washington D.C.	Financial Research and Analysis	Work closely with USAID's Development Credit Authority team to increase access to finance in Latin America and Eastern Europe by analyzing and writing country risk reports and investigating finance topics more broadly as needed	Spanish, Latin America preferred		Spanish - Adv.	Weekly calls will be held to discuss the work
210	USAID	Infrastructure and Engineering; Economic Growth, Education & Environment (E3/E&I/ICT)	Washington D.C.	Global Broadband Innovation	Accelerate expansion of affordable broadband (high quality voice and data telecommunications) to underserved communities, particularly in rural areas of developing countries overseas	Experience with telecommunications issues in developing economies, eager to do research on pertinent topics; the ideal candidate is a "communicator" who will enjoy networking with volunteers worldwide, and will participate in weekly meetings with the Global Broadband Innovation core team.	Social media - Int.	See Comments Section	Any and all language skills of interest
211	USAID	Education; Economic Growth, Education & Environment (E3/ED)	Washington D.C.	Education Advising - Reading	Accelerate the achievement of USAID Education's Goal 1: Improving the Reading skills of 100 Million Students in Primary Grades Worldwide, by researching and reporting on a variety of topics that could include assessment of early literacy skills, norms for cognitive development in the US and elsewhere, curriculum, and changing teacher practice and incentives	Good analytical and writing skills; ability to work independently; Prefer knowledge of a developing country or region	Research - Adv.		Support the research agenda of the USAID Education office: assessment of early literacy skills, norms for cognitive development in the US and elsewhere, curriculum, changing teacher practice and incentives. We will structure a research project that fits your interests and our needs.
212	USAID	Education; Economic Growth, Education & Environment (E3/ED)	Washington D.C.	Communications Content Development	Support education communications team in developing, editing and compiling content for internal and external communications, including internal and external newsletters, blogs, and social media content		Social media - Beginner		Candidates do not have to have extensive experience using social media tools for outreach, just that they can learn quickly and are interested in a career in journalism, education, communications, marketing or international development.

213	USAID	Education; Economic Growth, Education & Environment (E3/ED)	Washington D.C.	Build Online Course Catalogue	Build a catalogue of Massive Open Online Course (MOOC) offerings for developing country students		Research - Int.; Website design and development - Beginner		Applicants should have an interest in education, particularly higher education. An interest in technology for achievement of cost-effective scale in development assistance is a plus. A supportive but critical approach to MOOCs is of interest.
214	USAID	Education, Economic Growth, Education & Environment (E3/ED)	Washington D.C.	Education Programs Podcasts	Lead our digital storytelling effort by recording, sharing, and preserving the stories of our work in fifty United States Agency for International Development (USAID) missions worldwide to education and inform education sector staff through pod/vodcasts of one another.	Preferred 1) Experience coordinating training logistics (inviting guest speakers, arranging travel and accommodations). 2) Experience with competency-based instruction 3) Experiencing designing and conducting evaluations using Kirkpatrick Levels 1-4. 4) Proficiency with Excel, FileMaker Pro, or comparable online database or inventory program. 5) Experience coordinating workflow. 6) Experience working in Education. 7) Portfolio of prior podcasts and/or vodcasts available for review during interview stage.  In addition to proficiency in the technical skills listed, preferred candidates will also be familiar with Instructional Design.	MS Office platform - Int.; Research - Int.; Website design and development - Int.		Education: Bachelor's degree in relevant area of Education from an accredited college or university.  Experience 1) Minimum of two years of experience in instructional design/curriculum development and education for adult learning is required. 2) Demonstrated successful application of instructional systems design (ISD) with an emphasis on assessment and evaluation for learning is necessary. 3) Flexibility and the ability to solicit input from others and receive feedback is essential. 4) Strong computer skills and proficiency 5) Excellent interpersonal, written/verbal communication, and collaboration skills. 6) Demonstrates initiative and can work autonomously. 7) Equipment maintenance and inventory 8) Cultural competence and comfort working with diverse groups of professionals in an inclusive environment.
215	USAID	Energy and Infrastructure; Economic Growth, Education & Environment (E3/EI/E)	Washington D.C.	Powering Agri: Website/Social Media Development	Develop content for Powering Agriculture: An Energy Grand Challenge for Development of social media and website	Ability to write clearly/summarize content quickly; An energy or agriculture background would be beneficial but is not required	Blogging - Int.; Social media - Int.		
216	USAID	Economic Policy; Economic Growth, Education and Environment (E3/EP)	Washington D.C.	Economic Research Assistance	Identify and prioritize the most important constraints to inclusive growth in partner countries	Knowledge of economic topics and international affairs	MS Office platform - Adv.; Research - Adv.; Website development - Adv.		
217	USAID	Economic Policy; Economic Growth, Education & Environment (E3/EP)	Washington D.C.	Economic Policy Office Support	Provide research, editing, graphics, and communications support to E3's Economic Policy office	Experience with and interest in economics and cost-benefit analysis	Graphic design - Adv.; MS Office platform - Adv.; Research - Adv.; Social media - Adv.; Website design and development - Adv.; Website editing - Adv.		
218	USAID	Global Climate Change, Economic Growth, Education and Environment (E3/GCC)	Washington D.C.	Global Climate Change	Conduct research for the Global Climate Change office at USAID		Research - Adv.		

219	USAID	Economic Growth, Europe and Eurasia (E&E/EG)	Washington D.C.	Digital Communications	Research economic growth topics, such as unemployment, social entrepreneurship, innovation ecosystems, and business enabling environment in the Europe and Eurasia region to update and create various materials and design a strategy for using social media to reach unemployed youth	General knowledge in economic growth topics; Research and writing skills; Europe / Eurasia regional knowledge would be helpful	MS Office platform - Adv.; Research - Adv.		
220	USAID	Program Office, Europe and Eurasia (E&E/PO/SPA)	Washington D.C.	Mapping Energy Systems	Create Open Source GIS maps of pipelines and electricity grids		Research - Int.		Must be familiar with Geographical Information Systems and have access to them to complete the work. ARCGIS is the most common but any program that can create a shapefile and the associated geodatabase is acceptable.
221	USAID	Development Credit; Economic Growth Agriculture and Trade (EGAT/DC)	Washington D.C.	Unlocking Development Finance	Support project development, risk assessment, and portfolio monitoring of Development Credit Authority (DCA) partial-credit loan guarantees in Africa, with the goal of unlocking local finance for development purposes	Classroom and/or field experience in business administration, international economic development, or African studies; Financial sector experience; International work experience; Interest in a career in international development; Strong analytical and communications skills			
222	USAID	Global Health (GH)	Washington D.C.	Household Air Pollution Key Data and Training	Identify key data to address health impacts and to produce an interactive training to explain the household air pollution project to new project managers	Knowledge about how to analyze large datasets and produce appropriate graphs and charts; Creative experience with the development of short training materials, such as the integration of graphics with short text, etc.; Excellent writing skills including grammar and spelling to ensure that the training materials will have a professional appeal	MS Office platform - Int.; Research - Int.	French - Beginner	The project will be more time-intensive during the first semester. The data and guidance for the analysis and training projects exist and are ready to start. Since the projects will be carried out remotely, the ideal candidate would be a good communicator and be able to articulate questions and responses effectively. The only application of the foreign language is to communicate a few times with West African staff, who speak some English.
223	USAID	Center for Accelerating Innovation and Impact, Global Health (GH/AA/CAII)	Washington D.C.	Scaling Up Innovation	Develop audio-visual presentations to support global public health products and technology scaling efforts		Video - Adv.; Digital film editing software - Int.; Graphic design - Adv.		Preferred candidates will have experience in graphic presentations, graphic animation, motion graphic design, kinetic typography, Adobe Creative Suite (or similar), digital video editing, and creative communications.
224	USAID - <b>NO LONGER AVAILABLE</b>	Health, Infectious Diseases and Nutrition; Global Health (GH/HIDN) - <b>NO LONGER AVAILABLE</b>	Washington D.C. - <b>NO LONGER AVAILABLE</b>	Behavior Change Evidence Summit - <b>NO LONGER AVAILABLE</b>	Research and compile a comprehensive literature review of studies and publications on early childhood development to inform the research agenda for the U.S. Government Evidence Summit on Enhancing Child Survival and Development in Lower- and Middle-Income Countries by Achieving Population-Level Behavior Change - <b>NO LONGER AVAILABLE</b>	Background in or experience with public health communications, child health, and social and behavior change preferred - <b>NO LONGER AVAILABLE</b>	MS Office platform - Adv.; Research - Adv. - <b>NO LONGER AVAILABLE</b>	<b>NO LONGER AVAILABLE</b>	<b>NO LONGER AVAILABLE</b>
225	USAID	HIV/AIDS, Global Health (GH/OHA)	Washington D.C.	Literature Review: Pediatric Healthcare Products	Conduct a literature review comparing pediatric HIV antiretroviral therapy (ART) adherence with adherence to drugs for other chronic diseases of childhood (such as asthma, sickle cell disease, diabetes)	Experience conducting literature reviews and/or experience in global health preferred; HIV research experience a plus	Research - Int.		

226	USAID	HIV/AIDS; Global Health (GH/OHA)	Washington D.C.	Human Resources for Health	Compile Human Resources for Health statistics to make them engaging and appealing	Interest in demographic and other data; Ability to do template design with a talent for presenting information in a graphically appealing way; Creative thinker	Graphic design - Adv.; Research - Adv.		
227	USAID	Strategic Planning, Evaluation and Reporting; Global Health (GH/OHA/SPER)	Washington D.C.	Monitoring & Evaluation	Develop of a set of background briefs describing the activities and performance of PEPFAR countries; adapt an assessment report into an article; create data quality checklists; and, write country briefs	Familiarity with sub-Saharan Africa, HIV, and monitoring and evaluation useful			Ideal for someone who is self-directed and willing to take the initiative. Not ideal for those who prefer more structured management and guidance.
228	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Open Data & Transparency	Help USAID get information relevant to international development online, accessible, and used by data analysts, policy makers, and social entrepreneurs	Fundamental knowledge of technology in international development (ICT4D) and tech engagement events like hackathons may be needed to be successful in this role			Links for more information: <a href="http://www.usaid.gov/developer">http://www.usaid.gov/developer</a> <a href="http://blog.usaid.gov/2013/05/why-open-data-matters-g-8-and-african-nations-increase-open-data-for-food-security/">http://blog.usaid.gov/2013/05/why-open-data-matters-g-8-and-african-nations-increase-open-data-for-food-security/</a> <a href="http://www.usaid.gov/what-we-do/science-technolog-and-innovation/data-analytics-development">http://www.usaid.gov/what-we-do/science-technolog-and-innovation/data-analytics-development</a>
229	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Research Assistance	Promote peer learning and communication on local capacity development by designing a quarterly newsletter for USAID internal and external audiences.	Strong research and communication skills with an interest and background in overseas development; A background in graphic design is a plus	Graphic design - Int.; MS Office platform - Int.		
230	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Research Assistance	Research best practices in local capacity development	Excellent research and communication skills and able to work efficiently and independently	Research - Int.		Topics of interest include measuring capacity development outcomes, coalition building, community philanthropy, volunteerism, organizational networking, identifying local organizations/providers/development assets, and other topics that will arise in our day-to-day work.
231	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Research Assistance	Research Private Voluntary Organizations in overseas development	Research skills and a keen interest in overseas development work	Research - Adv.		
232	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Outreach for Development Innovation Ventures (DIV)	Support outreach efforts and develop communications strategies for USAID's Development Innovation Ventures (DIV) programs	Prior experience in the professional work place or graduate student; Excellent writing skills; Attention to detail; Strong web skills; Experience in marketing campaigns through social media; Demonstrated communication skills; Prior experience in graphic design a plus	Blogging - Int.; Graphic design - Adv.; MS Office platform - Adv.; Research - Adv.; Social media - Adv.; Website design and development - Int.; Website editing - Adv.		You will have access to a host of career development opportunities, including exposure to experts within the development space, and potential authorship of blogs. Sense of humor and desire to work on a fast paced, dynamic team is a must.
233	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Monitoring and Evaluation for Development Innovation Ventures (DIV)	Support rigorous testing of promising innovations for development and help scale proven models and technologies	Must be graduate students or advanced undergraduates with coursework and/or prior professional experience in monitoring and evaluation (including, but not limited to, quantitative impact evaluation)	Research - Adv.		Candidates must: have excellent writing skills; be highly motivated and eager to apply their experience to problem solving; be comfortable operating in an entrepreneurial, start-up like culture; and have ability to multi-task while working towards a hard deadline.

234	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Building a Global Human Rights Partnership	Help create the largest global LGBT civil rights initiative in existence		MS Office platform - Adv.; Research - Adv.; Social media - Adv.		It would be GREAT if the student could also create video/podcasts, and could do website design and development although this is not a requirement
235	USAID	Innovation & Development Alliances (IDEA)	Washington D.C.	Development Innovation Ventures (DIV)	Research energy, environments, and sustainability issues for Development Innovation Ventures, which supports a range of organizations, including social businesses, academic institutions, and not-for-profits	Enjoy working in multidisciplinary teams and can take responsibility for their own development within a challenging environment; Demonstrate an understanding of delivering services to bottom of the pyramid customers and technical knowledge of distributed power systems	Research - Adv.		Development Innovation Ventures (DIV) is a new division within the U.S. Agency for International Development (USAID) that has adopted a venture capital approach for seeking development solutions. DIV invests in highly cost-effective solutions to development challenges. DIV invites applications through a global call for proposals and provides staged funding to first help rigorously test promising solutions and then help scale proven models and technologies. Graduate or advanced undergraduate applicants preferred.
236	USAID	Mobile Solutions, Innovation & Development Alliance (IDEA)	Washington D.C.	Strengthening International Development through the Use of Mobile Tech	Research use cases and best practices for the application of mobile technologies for data collection and/or citizen "feedback" in international development projects and develop related reports, recommendations, and communications messages and materials	Understanding of mobile technology including familiarity with wide range of mobile devices (basic phones, feature phones, smart phones, tablets, handheld GPS) and data transfer methods (SMS, packet-data - GPRS/3G/4G, Wi-Fi, other); Interest in international development; Preference for experience with mobiles for development	MS Office platform - Int.; Research - Adv.; Web chat - Int.		Computer science, information systems, or other technology-related discipline preferred. Background or coursework in research methods also desired.
237	USAID	Strategy and Program, Latin America and Caribbean (LAC/SPO)	Washington D.C.	Integrating Gender, Technology, and Innovation	Assist the Strategy and Program Office of the Bureau for Latin America and the Caribbean as the Office implements USAID initiatives and policies related to gender, technology, and innovation, and supports field Missions in the region with research and technical assistance	Regional: Latin America and the Caribbean; Subject matter: gender and citizen security (violence, gang, and illicit activity preventions) and/or global climate change	Research - Int.	Spanish - Int.	
238	USAID	Legislative and Public Affairs (LPA)	Washington D.C.	Publication Marketing and Outreach	Help develop a comprehensive digital outreach and marketing strategy for FrontLines, USAID's magazine	Foreign policy and/or international development, marketing and research are desired, though not necessarily required	MS Office platform - Int.; Research - Int.; Social media - Adv.		
239	USAID	Legislative and Public Affairs (LPA/PL)	Washington D.C.	Communications Strategy	Help facilitate weekly calendar and strategic planning updates for the Bureau of Public Affairs at USAID including help with digital, press, legislative, and public outreach around USAID top priority issues and campaigns	Basic knowledge of communications planning, press pitching, digital media, graphic design, and outreach	Blogging - Adv.; Graphic design - Int.; Photography - Int.; Social media - Adv.; Website design and development - Int.		

240	USAID	Legislative and Public Affairs (LPA/PL)	Washington D.C.	Digital Communication Outreach	Identify current media and social media trends relevant to the USAID mission, recommend content around current USAID priorities and themes for the web and social media, write content for USAID websites, and contribute to the USAID Flickr account	Degree in communication/journalism/media relations or related field with a strong interest in traditional media and digital marketing; Understanding of web and social media analytics; Creative thinker; Demonstrated ability to work to a deadline and in a fast-paced environment; Ability to work alone as well as part of a team; Languages are a plus!	Blogging - Int.; Video - Int.; Digital film editing software - Int.; Graphic design - Int.; MS Office platform - Int.; Research - Adv.; Social media - Adv.; Website design and development - Int.		
241	USAID	Management (M)	Washington D.C.	Communication Strategy	Integrate internal and external communication for the Bureau for Management (the central operating unit of USAID) by developing communication plans, copywriting and editing websites, branding, planning events, and other activities	Innovators wanted	Blogging - Int.; Video - Int.; Digital camera - Int.; Digital film editing software - Int.; Graphic design - Int.; MS Office platform - Int.; Photography - Int.; Research - Int.; Social media - Int.; Video recorder - Int.; Web chat - Int.; Webcam - Int.; Website design and development - Int.		This Bureau for Management provides core oversight and management controls for development assistance, including information technology, finance and budgeting, travel and transportation, acquisition and assistance, and operational policy.
242	USAID	Acquisition and Assistance, Management (M/OAA)	Washington D.C.	USAID Social Media Strategy	Develop a social media toolkit, strategic plan and education campaign to support an expert community of practice amongst USAID's cadre of contracting/agreement officer representatives (COR)	Knowledge of basic communication principles and techniques; Knowledge of methods of social media engagement; Knowledge of tools for engagement amongst a large audience; Experience participating in and communicating through social media, including webinars, seminars, conferences, or public education campaigns	Research - Int.; Social media - Int.		The ideal candidate should be innovative, a strong communicator, and have great initiative to assist with this project.
243	USAID	Acquisition and Assistance, Management (M/OAA)	Washington D.C.	Acquisitions & Assistance Policy Tracking and Implementation	Develop an innovative tracking and implementation to assist USAID in tracking and implementing policy changes that affect its acquisition and assistance procedures and training courses	Knowledge of public policy and tools to easily present and display large amounts of complex information	Research - Int.		The ideal candidate should be detail-oriented, able to interpret complex policy, and have the ability to work independently with great initiative.
244	USAID	Chief Information, Management (M/CIO/IA)	Washington D.C.	Implementation of Strong Authentication	Build awareness and help in implementation of strong logical access using two factor authentication with a Personal Identity Verification (PIV) Card in accordance with HSPD-12	Intermediate to advanced language skills required in at least one of the following: Arabic, Farsi, French, Spanish, Tagalog, Thai	Blogging - Int.; Video - Adv.; MS Office platform - Adv.; Web chat - Int.; Website editing - Int.	See Regional or Specific Knowledge	The ideal candidate is creative and can articulate his/her vision via blogs and web site redesign.
245	USAID	Afghanistan and Pakistan Affairs (OAPA)	Washington D.C.	Data Visualization Development	Work with USAID staff to improve the functionality of project management system by incorporating advanced data visualization and mapping	Strong JavaScript skills required since focus is on front-end development; Database and backend skills not required; Experience using libraries and formats such as D3, GeoJSON, Google Maps API, KML, Timeline.js, Knockout.js and JQuery	Graphic design - Adv.; Website design and development - Adv.		Contributions to open source projects can be a part of the internship, and if new open source projects come out of it, that's even better. If you are inspired by the work of Mike Bostock or Jeremy Ashkenas, we'd like to talk. Hopefully you'll be able to get some real-world experience and learn some marketable technical skills, while contributing to the work of USAID. Please be prepared to provide samples of your work.

246	USAID	Afghanistan and Pakistan Affairs (OAPA)	Washington D.C.	Digital Content - Mobile Money	Assist Afghanistan's mobile money industry association with website design and maintenance, and the production of digital products such as maps to track agent network growth and transactions, logo design, and electronic newsletters and media kits	Necessary skills include web design, graphic design experience, writing and editing skills, and experience with data management; Prior knowledge of Afghanistan and the mobile technology sector useful but not necessary; Knowledge of Dari or Pashto beneficial; Mapping and GIS experience important	Graphic design - Adv.; MS Office platform - Int.; Website design and development - Adv.	See Regional or Specific Knowledge	The selected eIntern will work closely with the Association of Mobile Money Operators in Afghanistan (AMMOA) to determine workload priorities as well as the mobile money coordinator in Washington who will be supervising the eIntern.
247	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	DoD Humanitarian and Development Projects in Iraq and Afghanistan	Assist the Joint Humanitarian Operations Course's (JHOC) Military Liaison Team to track and research US military projects in Iraq and Afghanistan, with a focus on how they were requested, tasked, and developed, and how they were eventually transitioned (if at all) to host nation or civilian		Research - Adv.		
248	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	Humanitarian Assistance in Asia	Research the changing nature of humanitarian response for international assistance after an emergency in Asia and specifically into how the USG, including DoD, are adapting to this new focus on technical exchange		Research - Adv.		
249	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	Response to Scotland/Ireland Famine in 1847	Describe the context of the debate around the provision of famine relief to Scotland and Ireland in 1847 and the impact that the decision had, both legislatively and in terms of broader public reaction		Research - Adv.		
250	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	Pre-1961 USG Foreign Assistance Appropriations	Research the provision of US Government foreign assistance by describing/listing attempts and foreign aid appropriations from 1776 through 1961		Research - Adv.		
251	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	U.S. Search and Rescue Post 1985	Research and write the history of US urban search-and-rescue teams since 1985, including how missions have changed and grown over the past 30 years		Research - Adv.		
252	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	Civil-military Training Courses	Research other institutions, governments, and entities that conduct civil-military training for humanitarian response; identify the enrollment processes; and, provide a summary and analysis of the training		Research - Adv.		
253	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	DARPA Projects	Become an expert at the Defense Advanced Research Project Agency (DARPA) (one of the major generators of technologies that find widespread commercial usage) focusing on how project proposals get accepted by DARPA including what is the lifecycle of a DARPA program and the measurement of success		Research - Adv.		
254	USAID	U.S. Foreign Disaster Assistance (OFDA)	Washington D.C.	Buffer Zones	Research the history and usage of buffer zones in humanitarian emergencies, including from both academic and operational perspectives as these become increasingly a part of the policy discussions concerning humanitarian responses in complex environments		Research - Adv.		
255	USAID	Human Resources (OHR)	Washington D.C.	Graphic Design	Be a part of the Customer Service Initiative project and general communications and marketing for Office of Human Resources internally with the Agency workforce by designing graphics for a website, posters, pamphlets, flyers, and various marketing materials as needed	Experience with photo/graphics editing tools such as Adobe Photoshop, Macromedia Fireworks; Required to have a computer and access to the graphic designing tool(s); Marketing, branding and communications skills desired; Must be organized and detail oriented; Must be able to work independently as well as with a team; At times, must be able to take projects and creatively run with them; and at others, take specific direction	Digital camera - Adv.; Digital film editing software - Adv.; Graphic design - Adv.; MS Office platform - Int.; Photography - Adv.		Positive & energetic attitude! We look forward to getting to know you!

256	USAID	Science and Technology (OST)	Washington D.C.	Higher Education Solutions Network	Help connect campuses around the world as a part of the Higher Education Solutions Network at USAID.		Blogging - Int.; Video - Int.; Digital camera - Int.; Digital film editing software - Int.; Graphic design - Int.; MS Office platform - Int.; Photography - Int.; Research - Int.; Social media - Int.; Web chat - Int.; Website design and development - Int.		
257	USAID	Science and Technology (OST)	Washington D.C.	Science and Technology Research	Identify, obtain, clean, and collate a variety of data sources to aid in monitoring, evaluation, and assessment for USAID's Office of Science and Technology to establish a research capacity at various scales	Knowledge of federal statistics and datasets; Knowledge and familiarity with programming languages a plus			The ideal candidate will have experience merging, cleaning, and collating datasets from a variety of federal and non-federal (private) sources such as from the OECD, the National Indicators, etc.
258	USAID	Science and Technology (OST)	Washington D.C.	Water Innovation	Help source and select water innovations from around the world to reduce water scarcity	Background/experience in development issues, science and technology, entrepreneurship, and business and financing strategies desirable, but not mandatory; Ability to communicate technical and non-technical information clearly to scientists and engineers and to non-technical people; Ability to work with minimal supervision	MS Office platform - Int.; Website design and development - Int.		The Grand Challenges for Development team aims to transform USAID into a global leader by pioneering and scaling evidence-driven products and approaches. We work to source, select, incubate, and scale transformative products and processes to improve the efficacy of development practices.
259	USAID	Afghanistan and Pakistan Affairs (OAPA)	Washington D.C.	Economic Research for Afghanistan and Pakistan	Provide research support on economic topics related to international development in Afghanistan and Pakistan	South Asia, Afghanistan, Pakistan, or conflict-affected countries			Quantitative and statistical skills and knowledge helpful
260	USAID	Science & Technology (OST)	Washington D.C.	Big Data for International Development	Support the development of new ways to use data from satellite imagery, field-based sensors, and social media to help meet the needs of the world's poor	Familiarity with developing countries desirable; Background in data analysis (e.g. in computer science or other heavily computational fields) desirable	MS Office platform - Int.; Research - Int.; Research - Adv.		
261	USAID	Learning, Evaluation and Research; Policy, Planning and Learning (PPL/LER)	Washington D.C.	Evaluator Interviews	Review publicly available evaluation reports accessible through the Development Experience Clearinghouse (DEC, <a href="http://dec.usaid.gov">http://dec.usaid.gov</a> ) to identify recent reports in which USAID staff have participated in an evaluation led by an external evaluator and interview the firm and lead evaluator for feedback	Ability to conduct interviews and keep well organized notes; Familiarity with qualitative social science methodologies and evaluation methodologies a plus	MS Office platform - Int.		
262	USAID	Learning, Evaluation and Research; Policy, Planning and Learning (PPL/LER)	Washington D.C.	Project and Program Evaluation	Review and provide basic summary information in a spreadsheet format about each of the USAID evaluations completed in fiscal year 2013 and publicly available on the Development Experience Clearinghouse (DEC) at <a href="http://dec.usaid.gov">http://dec.usaid.gov</a>	Ability to use MS Excel; Experience with statistical software, such as SPSS, Stata, or SAS a plus; Familiarity with research techniques in social science evaluations a plus	MS Office platform - Int.		
263	USAID	Policy; Policy, Planning, and Learning (PPL/P)	Washington D.C.	Gender Equality and Women's Empowerment Outreach and Development Policy	Research, formulate, draft, and edit U.S. development policy and outreach to address our most pressing international challenges		Blogging - Beginner; MS Office platform - Adv.; Research - Adv.		
264	USAID	Policy, Planning and Learning (PPL/P)	Washington D.C.	Inter-Agency Processes Policy	Develop strategic plans and policy recommendations based on analysis and coordination to address USAID's internal and external policy requirements.		MS Office platform - Int.; Research - Beginner		
265	USAID	Policy; Policy, Planning and Learning (PPL/P)	Washington D.C.	International Development Policy Formulation	Support research, formulation, drafting, and editing of important U.S. development policies		Blogging - Int.; MS Office platform - Adv.; Research - Adv.; Social media - Int.; Web chat - Int.; Website design and development - Beginner; Website editing - Int.		
266	AFSA	American Foreign Service Association	Washington D.C.	Advocacy Department	Assist the American Foreign Service Association (AFSA) on multiple projects including virtual advocacy, legislative issues, research, and drafting	Experience in any of the following areas: legislation, advocacy grassroots, community outreach, stakeholder engagement, communications, social media, and special events; Law students encouraged to apply	Research - Int.; Social media - Int.; Web chat - Int.		
267	BBG	Strategy and Development	Washington D.C.	Development Strategy and Program Management	Produce content for BBG.gov website; Support monitoring and evaluation of current programs; Research potential new funders and media partners	Interest in Africa, Southeast Asia, Latin America, the Middle East and Central and Eastern Europe.	Research - Int.; Website design and development - Beginner		

268	Education	Federal Student Aid	Washington D.C.	Multimedia Digital Engagement	Support digital engagement efforts to raise awareness about higher education access resources	Working knowledge of social media and strong written and oral communication skills; Good organizational and time-management skills (able to meet deadlines)	Advanced level in video/podcasts; Film editing; Graphic design; Photography; Social/new media; Webcam		Experience with Vine, infographics, video editing software . For more information: <a href="http://db.tt/9wEr1o8e">http://db.tt/9wEr1o8e</a>
269	Education	Federal Student Aid	Washington D.C.	Digital Engagement Monitoring	Manage (i.e. create and curate) digital engagement content to raise awareness about higher education access resources	Working knowledge of social media and strong written and oral communication skills; Good organizational and time-management skills (able to meet deadlines)	Advanced level in Blogging; Video; MS Office platform; Website design and development; Film editing; Graphic design; Photography; Social/new media; Webcam		Experience creating infographics; Pinterest, Vine, Google+, Instagram, Yammer, Pheed, Infogram, Visually. For more information: <a href="http://db.tt/9wEr1o8e">http://db.tt/9wEr1o8e</a>
270	Education	Federal Student Aid	Washington D.C.	Digital Engagement Management	Manage (i.e. create and curate) content for digital engagement to support efforts to raise awareness about higher education access resources	Working knowledge of social media; Strong written and oral communication skills	Blogging - Adv.; MS Office platform - Int.; Research - Adv.; Social media - Adv.; Webcam - Adv.		Experience creating infographics and visual aids. For more information: <a href="http://db.tt/9wEr1o8e">http://db.tt/9wEr1o8e</a>
271	Education	Federal Student Aid	Washington D.C.	Digital Engagement Analysis	Support analysis and management (i.e. creation and curation) of content for digital engagement efforts to raise awareness about higher education access resources	Working knowledge of social media; Strong written and oral communication skills	Blogging - Adv.; MS Office platform - Int.; Research - Adv.; Social media - Adv.; Webcam - Adv.		Experience creating infographics, visual aids, and using analytics. For more information: <a href="http://db.tt/9wEr1o8e">http://db.tt/9wEr1o8e</a>
272	Education	Federal Student Aid	Washington D.C.
