LICENSE PLATES

NEW DEPARTMENT OF STATE “E” PREFIX LICENSE PLATES

Beginning December 2014, the Office of Foreign Missions’ Diplomatic Motor Vehicle Office will introduce a new license plate prefix. In addition to the OFM/DMV license plates which currently feature the prefixes of “D”, “S”, “C”, or “A”, OFM/DMV will now issue plates beginning with the prefix of “E” (shown below).

OFM/DMV license plates are issued to facilitate the OFM Liability Insurance Program, which ensures through the issuance and annual renewal of license plates that individuals possessing varying levels of immunities maintain federally-mandated levels of liability insurance.

NEW “E” LICENSE PLATES
