**Terms**

**Obligations:** For the purposes of the USAID spending reflected in this chart, obligations consist of legally-binding agreements that place funds into grants and contracts with implementing partners. Transfers of USAID funds to other entities such as the Multi-Donor Trust Fund are considered fully obligated and disbursed.

**Disbursements:** Payments that liquidate obligations; i.e., usually payments made to USG implementing partners as work is done.

<sup>1</sup> : The Recovery, Reconstruction & Development Assistance category captures data from the Office of U.S. Foreign Assistance Haiti budget plus Centers for Disease Control (CDC) funding for fiscal years 2010 (Base & Supplemental) and 2011-2015 and debt relief.

<sup>2</sup> : Remaining undisbursed humanitarian assistance amounts that may appear on USG reports reflect the slowness of payments and transfers for work already done and are counted as disbursed.
