**JOINT COMPLIANCE AND INSPECTION COMMISSION
JOINT STATEMENT NUMBER S-1**

**ON CHANGES TO THE BOUNDARY OF THE
TEYKOVO ICBM BASE FOR ROAD-MOBILE LAUNCHERS OF ICBMS**

The Parties, referring to paragraph 20 of Annex J to the Memorandum of Understanding on the Establishment of the Data Base Relating to the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Reduction and Limitation of Strategic Offensive Arms of July 31, 1991, hereinafter referred to as the Treaty, agree on the following:

(1) The new boundary of the Maintenance Facility of the Teykovo ICBM Base for Road-Mobile Launchers of ICBMs shall be that shown on the site diagram attached to this Joint Statement.¹

(2) *The portions of the Teykovo ICBM Base for Road-Mobile Launchers of ICBMs to be excluded, pursuant to this Joint Statement, from within the boundary shown on the site diagram of the facility dated March 20, 1995, shall not be subject to inspection unless such portions are included within the boundary of any inspection site.*²

(3) The change to the boundary of the Teykovo ICBM Base for Road-Mobile Launchers of ICBMs shall become effective on the date specified in the notification provided by the Russian Federation in accordance with paragraph 19 of Section I of the Protocol on Notifications Relating to the Treaty, or the date such notification is provided by the Russian Federation, or the date of entry into force of this Joint Statement, whichever is latest.

ON CHANGES TO THE BOUNDARY OF THE VANDENBERG TEST RANGE

The Parties, referring to paragraph 19 of Annex J to the Memorandum of Understanding on the Establishment of the Data Base Relating to the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Reduction and Limitation of Strategic Offensive Arms of July 31, 1991, hereinafter referred to as the Treaty, taking into account the information with respect to the Vandenberg Test Range provided in Annex A to this Joint Statement, agree on the following:

(1) Area 4 of the test range shall be excluded from within the boundaries of the test range, and the site diagram of Area 4 of the test range dated January 1, 1994, shall be used only for the inspections provided for in paragraph 4 of this Joint Statement. Area 13 of the test range and the existing site diagram of Area 13 of the test range dated January 1, 1994, shall be redesignated as Area 4 of the test range and the site diagram of Area 4 of the test range, respectively.

(2) Area 12 of the test range shall be excluded from within the boundaries of the test range, and the site diagram of Area 12 of the test range dated January 1, 1994, shall be used only for the inspections provided for in paragraph 4 of this Joint Statement. Area 14 of the test range and the existing site diagram of Area 14 of the test range dated January 1, 1994, shall be redesignated as Area 12 of the test range and the site diagram of Area 12 of the test range, respectively.

(3) The new boundary of the Vandenberg Test Range shall be the boundaries shown on the site diagrams of the test range dated March 1, 1996, Area 4 of the test range dated March 1, 1996, Area 8 of the test range dated March 1, 1996, and Area 12 of the test range dated March 1, 1996, which are attached as Annex B to this Joint Statement, and the boundaries shown on the site diagrams of Area 1, Area 2, Area 3, Area 5, Area 6, Area 7, Area 9, Area 10, and Area 11 of the test range, which are unchanged.¹

(4) The portions of the Vandenberg Test Range to be excluded, pursuant to this Joint Statement, from within the boundaries shown on the existing site diagrams of the test range dated January 1, 1994, Area 4 of the test range dated January 1, 1994, Area 8 of the test range dated January 1, 1994, and Area 12 of the test range dated January 1, 1994, shall be subject to inspection using the

¹ Attachments are classified and therefore are not included in this publication.

procedures of Section XII of the Protocol on Inspections and Continuous Monitoring Activities Relating to the Treaty, hereinafter referred to as the Inspection Protocol. Any such inspection shall be conducted within 60 days after the date this change of boundary becomes effective. Such portions shall also be subject to inspection using the procedures of Section XIII of the Inspection Protocol beginning after an inspection has been conducted using the procedures of Section XII of the Inspection Protocol or, if such an inspection was not conducted, beginning 60 days after the date this change of boundary becomes effective.

(5) The changes to the boundary of the Vandenberg Test Range shall become effective on the date specified in the notification provided by the United States of America in accordance with paragraph 19 of Section I of the Protocol on Notifications Relating to the Treaty, or the date such notification is provided by the United States of America, or the date of entry into force of this Joint Statement, whichever is latest.

**ON CHANGES TO THE BOUNDARY OF THE
CHARLESTON STORAGE FACILITY FOR SLBMS**

The Parties, referring to paragraph 20 of Annex J to the Memorandum of Understanding on the Establishment of the Data Base Relating to the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Reduction and Limitation of Strategic Offensive Arms of July 31, 1991, hereinafter referred to as the Treaty, agree on the following:

(1) The new boundary of the Charleston Storage Facility for SLBMs shall be the boundaries shown on map A of the site diagram of the facility dated March 1, 1997, map B of the site diagram of the facility dated March 1, 1997, and map C of the site diagram of the facility dated March 1, 1997, which are attached to this Joint Statement.¹

(2) The portions of the Charleston Storage Facility for SLBMs to be excluded, pursuant to this Joint Statement, from within the boundaries shown on map A of the site diagram of the facility dated December 5, 1994, map B of the site diagram of the facility dated December 5, 1994, and map C of the site diagram of the facility dated December 5, 1994, shall not be subject to inspection unless such portions are included within the boundary of any inspection site.

(3) The changes to the boundary of the Charleston Storage Facility for SLBMs shall become effective on the date specified in the notification provided by the United States of America in accordance with paragraph 19 of Section I of the Protocol on Notifications Relating to the Treaty, or the date such notification is provided by the United States of America, or the date of entry into force of this Joint Statement, whichever is latest.

ON CHANGES TO THE BOUNDARY OF THE PERM' TRAINING FACILITY

The Parties, referring to paragraph 20 of Annex J to the Memorandum of Understanding on the Establishment of the Data Base Relating to the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Reduction and Limitation of Strategic Offensive Arms of July 31, 1991, hereinafter referred to as the Treaty, agree on the following:

(1) Area 3 of the training facility shall be excluded from within the boundaries of the training facility and the site diagram of Area 3 of the training facility dated September 1, 1990, shall be used only for the inspection provided for in paragraph 5 of this Joint Statement. Area 1 of the training facility and the existing site diagram of Area 1 of the training facility dated September 1, 1990, shall be redesignated as Area 3 of the training facility and the site diagram of Area 3 of the training facility, respectively.

(2) Area 2 of the training facility and the existing site diagram of Area 2 of the training facility dated September 1, 1990, shall be redesignated as Area 1 of the training facility and the site diagram of Area 1 of the training facility, respectively.

(3) The site diagram of the unnumbered area (the boundary of which is indicated by a dashed line on the site diagram) of the training facility dated September 1, 1990, shall be used only for the inspection provided for in paragraph 5 of this Joint Statement. The unnumbered area (the boundary of which is indicated by a dashed line on the site diagram) of the training facility and the existing site diagram of the unnumbered area (the boundary of which is indicated by a dashed line on the site diagram) of the training facility dated September 1, 1990, shall be redesignated as Area 2 of the training facility and the site diagram of Area 2 of the training facility, respectively.

(4) The new boundary of the Perm' Training Facility shall be the boundaries shown on the site diagrams of the training facility dated October 15, 1997, Area 1 of the training facility dated October 15, 1997, Area 2 of the training facility dated October 15, 1997, and Area 3 of the training facility dated October 15, 1997, which are attached to this Joint Statement.

(5) The portions of the Perm' Training Facility to be excluded, pursuant to this Joint Statement, from within the boundaries shown on the existing site diagrams of the training facility dated September 1, 1990, Area 2 of the training facility dated September 1, 1990, Area 3 of the training facility dated September 1, 1990, and the unnumbered area (the boundary of which is indicated by a

**ON CHANGES TO THE BOUNDARY OF THE
STRATEGIC WEAPONS FACILITY PACIFIC, SILVERDALE, WASHINGTON**

The Parties, referring to paragraph 20 of Annex J to the Memorandum of Understanding on the Establishment of the Data Base Relating to the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Reduction and Limitation of Strategic Offensive Arms of July 31, 1991, hereinafter referred to as the Treaty, agree on the following:

(1) The new boundary of the Strategic Weapons Facility Pacific, Silverdale, Washington shall be the boundaries shown on map A of the site diagram of the facility dated March 8, 2000 and map B of the site diagram of the facility dated March 8, 2000, which are attached to this Joint Statement.¹

(2) The portions of the Strategic Weapons Facility Pacific, Silverdale, Washington to be excluded, pursuant to this Joint Statement, from within the boundaries shown on map A of the site diagram of the facility dated March 1, 1997 and map B of the site diagram of the facility dated March 1, 1997, shall not be subject to inspection unless such portions are included within the boundary of any inspection site.

(3) The changes to the boundary of the Strategic Weapons Facility Pacific, Silverdale, Washington shall become effective after entry into force of this Joint Statement on the date the notification is provided by the United States of America in accordance with paragraph 19 of Section I of the Protocol on Notifications Relating to the Treaty.

¹ Attachments are classified and therefore are not included in this publication.

(4) This Joint Statement shall enter into force 30 days after the completion by the observation team of the Parties of the one-time observation visit to the structures located within the portion of the facility to be excluded pursuant to this Joint Statement. However, this Joint Statement shall not enter into force if any Party raises, through diplomatic channels, questions that address the presence, within the aforementioned structures, of one or more items of inspection as defined in subparagraph 20(a) of Section VI of the Protocol on Inspections and Continuous Monitoring Activities Relating to the Treaty or objects large enough to contain such items of inspection, from the written factual report completed upon the conclusion of the visit and that were not resolved on-site during that visit. In the event the Parties choose not to conduct the visit, this Joint Statement shall enter into force 130 days after the date of its signature.
