Where the accomplishments of the Federal award can be quantified, a computation of the cost (for example, related to units of accomplishment) may be required if that information will be useful. Recipients of federal assistance awards shall register in SPOT before deployment, or if already in the designated operational area, register upon becoming an employee under the assistance award and maintain current data in SPOT. Information on how to register in SPOT is available from your Grants Officer or Grants Officer Representative.

Recipients utilizing personnel who are not performing private security functions must account for personnel within the SPOT system anonymously through the use of the aggregate count functionality. This includes U.S. Citizens, Third Country Nationals (TCN), and Locally-hired Iraqi or Afghani personnel except as noted in the following paragraph.

Recipients utilizing personnel who are performing a private security function; are performing duties as a translator or interpreter; require access to U.S. facilities, services, or support; or desire consideration for refugee or special immigrant status under the Refugee Crisis in Iraq Act of 2007 (subtitle C of title XII of Public Law 110–181 must be entered into SPOT individually with all required personal information. The Recipient’s SPOT Administrator is responsible for updating the aggregate locally hired national count on a quarterly basis by providing updated information via the “Aggregate Count” template to the GO/GOR for each award who will forward to the Department SPOT Program Manager for SPOT entry.

Recipient performance may require the use of armed private security personnel. In a designated area of combat operations, the term PSC includes any personnel providing protection of the personnel, facilities, property of a recipient or sub-recipient at any level, or performing any other activity for which personnel are required to carry weapons in the performance of their duties.

As specific COM policies and procedures may differ in scope and applicability, recipients of federal assistance awards are advised to review post policies and procedures carefully in this regard and direct any questions to the Embassy Regional Security Office (RSO) via the Grants Officer Representative (GOR). Any exclusion to these policies must be granted by the COM via the RSO. COM policies and procedures may be obtained from the RSO via the GOR. Recipients of federal assistance awards are also advised that these policies and procedures may be amended from time to time at the post in response to changing circumstances.

Recipients of federal assistance awards are advised that adherence to these policies and procedures are considered to be a material requirement of their award.

Recipients of federal assistance awards are reminded that only the Grants Officer has the authority to modify the Notice of Award. Recipients shall proceed with any security guidance provided by the RSO, but shall advise the Grants Officer and the GOR of the guidance received and any potential cost or schedule impact.

20. State Department Leahy Amendment Vetting Requirements

Funds provided under this award are subject to Section 620M of the Foreign Assistance Act of 1961, as amended, a provision titled "Limitation on Assistance to Security Forces" (the "Leahy Amendment"). Subsection (a) of that provision states: "(a) In General.—No assistance shall be furnished under this Act [the Foreign Assistance Act] or the Arms Export Control Act to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violations of human rights." Accordingly, none of the funds under this award may be used to provide training or other assistance to any unit or member of the security forces of a foreign country if the Department of State has credible information that such unit or individual has committed a gross violation of human rights.

In signing this agreement, the Recipient agrees to exercise due diligence to ensure compliance with the Leahy provision and State Department policy, and to cooperate with the State Department in implementation of the Leahy requirement for funds under this award. The Department implements the Leahy requirement by vetting units or individuals proposed for training or other assistance to check for credible information of a gross violation of human rights by such units or individuals. To facilitate State Department vetting, the Recipient must provide the following information for proposed participants at least sixty (60) calendar days prior to commencing award activities. This information should be submitted to the U.S. Embassy in the country where the award will be implemented in order to initiate Leahy vetting procedures:

Information needed: Full name, date of birth, country of birth, country of citizenship, gender, rank, title, and organizational affiliation. Please also include the activity and date that the activity

will take place—if the person will participate throughout an extended program, please note the timeframe. Participant information should be submitted in the format attached.

Information required for “security forces” personnel: The above information is needed for each member of a foreign police or military unit (security forces, broadly defined) who will participate in any activity under this award. This includes both civilian and military employees of security forces participating in any activities funded under this award, including training, workshops or meetings, conferences, or other activities.

The Recipient must collaborate with the relevant U.S. Embassy on a case-by-case basis to determine if the Leahy requirement applies to specific activities or proposed participants. Individuals who are not members of the security forces but who participate in activities under the award (e.g., politicians, academics, etc.) generally do not need to be vetted.

Submission Deadline: Each candidate must be cleared under Leahy vetting in advance of participation in activities funded under this award. The vetting process typically takes approximately one month, but may take longer if there are a large number of candidates or if issues arise. Thus, all information on proposed candidates must be received by the Embassy at least sixty (60) days in advance of the training event or other activity.

The Recipient agrees that it will not include any security forces candidate in training or other activities funded under this award until the State Department advises that the candidate has cleared Leahy vetting and is approved for participation.

21. Statutory Deviations: (If the Grants Officer determines that Statutory Deviations are not required for the agreement, Enter N/A next to the title.)
