*Agreement effected by exchange of notes at
Addis Ababa February 21 and 27, 2002;
Entered into force February 27, 2002.*

The Embassy of the United States of America presents its compliments to the Ministry of Foreign Affairs of the Federal Democratic Republic of Ethiopia and has the honor to refer to recent discussions between representatives of our two Governments regarding issues related to United States military and civilian personnel of the United States Department of Defense who may be temporarily present in Ethiopia in connection with humanitarian relief, joint exercises and training, and other agreed activities.

As a result of these discussions, the Embassy proposes that such personnel be accorded the status equivalent to that accorded to administrative and technical staff of the United States Embassy under the Vienna Convention on Diplomatic Relations of April 18, 1961, and that they may enter and exit Ethiopia with United States identification and with collective movement or individual travel orders.

The Embassy further proposes that such personnel be authorized to wear uniforms while performing official duties and to carry arms while on duty if authorized to do so by their orders; and that the

Government of Ethiopia accord duty-free importation and exportation as well as exemption from internal taxation on products, property, material, and equipment imported into or acquired in Ethiopia by or for the United States Government in connection with its official activities. Vehicles, vessels, and aircraft owned or operated by or exclusively for the United States Armed Forces shall not be subject to the payment of landing or port fees, pilotage charges, navigation, overflight or parking charges or light and harbor dues while in Ethiopia; however, the United States Armed Forces shall pay reasonable charges for services requested and lived.

Finally, the Embassy proposes that both Governments waive any and all claims (other than contractual claims) against each other for damage, loss or destruction of the other's property or injury or death to personnel of the two Governments arising out of the performance of their official duties. The Government of Ethiopia recognizes that it is at all times responsible for ensuring that appropriate precautionary measures are taken to deter individuals who might otherwise enter areas where mines or mine clearance materials might exist.

If the foregoing is acceptable to the Government of Ethiopia, the Embassy proposes that this note, together with the Ministry's reply, shall constitute an agreement between the two Governments which shall enter into force on the date of the Ministry's reply.

The Embassy of the United States of America avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Federal Democratic Republic of Ethiopia the assurance of our friendship and cooperation.
