**RETRIEVABILITY:**
By the individual's name, employee ID number, parking permit number, and license plate number.

**SAFEGUARDS:**
All users are given cyber security awareness training which covers the procedures for handling Sensitive but Unclassified information, including personally identifiable information. Annual refresher training is mandatory. In addition, all Foreign Service and Civil Service employees and those Locally Engaged Staff (LES) who handle Personally Identifiable Information (PII) are required to take the FSI distance learning course instructing employees on privacy and security requirements, including the rules of behavior for handling PII and the potential consequences if it is handled improperly. Before being granted access to Parking Permit and Car Pool Records, a user must first be granted access to the Department of State computer system. Remote access to the Department of State network from non-Department owned systems is authorized only through a Department approved access program. Remote access to the network is configured with the Office of Management and Budget Memorandum M-07-16 security requirements which include but are not limited to two-factor authentication and time out function. All Department of State employees and contractors with authorized access have undergone a thorough background security investigation. Access to the Department of State, its annexes and posts abroad is controlled by security guards and admission is limited to those individuals possessing a valid identification card or individuals under proper escort. All paper records containing personal information are maintained in secured file cabinets in restricted areas, access to which is limited to authorized personnel only. Access to computerized files is password-protected and under the direct supervision of the system manager. The system manager has the capability of printing audit trails of access from the computer media, thereby permitting regular and ad hoc monitoring of computer usage. When it is determined that a user no longer needs access, the user account is disabled.
