

No. 36-B

The United States Permanent Mission to the Organization of American States presents its compliments to the Organization of American States and its Permanent Missions and wishes to bring to their attention information regarding disposal of trash from office premises and all properties owned by the Government of his or her country in the District of Columbia.

As a beneficiary of exemption from real estate taxes in the District of Columbia, Permanent Missions are required to independently contract with a trash and recycling removal service to ensure all trash is stored properly and removed on a regular basis.

Permanent Missions are informed that utilizing public trash cans to dispose of garbage from the Mission's properties is in violation of District of Columbia code 24 DCMR 1009.1 Improper Use of Public Litter Receptacle.

More information regarding District of Columbia Solid Waste and Sanitation Regulations can be found at: <https://dpw.dc.gov/page/solid-waste-reg-21-7>.
