The Secretary presents his compliments to their Excellencies and Messieurs and Mesdames the Chiefs of Mission and wishes to announce changes to temporary operational requirements associated with the manner in which the Department’s Office of Foreign Missions (OFM) provides services and facilitates benefits for foreign missions and their members in the United States. These temporary measures remain necessary to further mitigate the spread of the coronavirus (COVID-19). This note replaces the Department’s note No. 20-544, dated April 3, 2020.

All changes from note No. 20-544 are denoted below with an asterisk (*).

The changes outlined in this note are expected to remain in effect until further notice.

Motor Vehicle Requests

With minor exceptions, requests for driver’s licenses and non-driver identification cards (new or renewal), driver history reports, letters denoting a mission member’s ineligibility for an OFM-issued driver’s license, and liability insurance updates will continue to function normally. However, logistical challenges prevent OFM from efficiently facilitating the extension of motor vehicle registrations and titling services.
With temporary procedural modifications, OFM continues to process new motor vehicle registration applications and applications for titles. Detailed instructions concerning the modified means for requesting such services are outlined below.

*Effective immediately, OFM’s New York Regional Office (OFM/NY) is resuming its adjudication of requests associated with the registration of motor vehicles (new or renewal applications).* Previously, OFM/NY was the only office not directly performing such functions.

For services associated with missions located in the Washington, DC, Metropolitan Area, payments required for the completion of all services associated with the registration, disposition, or operation of a motor vehicle shall be sent via the USPS, Federal Express, UPS, or similar service to:

Office of Foreign Missions - DMV  
3507 International Place, NW  
Washington, DC 20008

For services associated with missions located in the Washington, DC, Metropolitan Area, the return of all OFM-issued hard license plates required for the completion of all services associated with the registration, disposition, or operation of a motor vehicle shall be wrapped in clear plastic, and sent solely via DHL, Federal Express, UPS, or a similar service, with the applicable e-Gov
transaction ID number prominently displayed on the outside of the package
to:

Office of Foreign Missions - DMV
3507 International Place, NW
Washington, DC 20008

For services associated with missions located outside the Washington, DC, Metropolitan Area, payments required for the completion of all services associated with the registration, disposition, or operation of a motor vehicle shall be sent via the USPS, Federal Express, UPS, or similar service to the appropriate OFM Regional Office (see enclosure for address details).

Missions must provide information with such payments that indicates the applicable transaction ID number as well as other information regarding the associated mission or mission member.

Vehicle Registrations (New/First Time Registration)

Applications for the new/first time registration of a vehicle should be submitted normally via e-Gov. However, such applications should include a remark indicating where OFM should mail the registration card, plates and decal that will result from the request. Such addresses must be either the physical address of the associated mission or the mission member’s residential address.
For missions or members located in the Washington, DC Metropolitan Area, original documents required for this action shall be sent to OFM via *Federal Express*, *DHL*, *UPS*, or similar service to:

Office of Foreign Missions - DMV  
3507 International Place, NW  
Washington, DC 20008

For missions or members located **outside** the Washington, DC Metropolitan Area, original documents required for this action shall be sent via *Federal Express*, *DHL*, *UPS*, or similar service to the appropriate OFM Regional Office (see enclosure for address details).

Given current operational constraints, OFM believes a reasonable timeframe for the processing and delivery of a new vehicle registration requests to be a minimum of two weeks.

**Vehicle Registrations (Renewals)**

Missions are advised that vehicle registration renewals for all eligible vehicles will continue to be mailed to the missions within the first two weeks of the beginning of each month.
Vehicle Titles

Applications for a vehicle title should be submitted normally via e-Gov. However, such applications should include a remark indicating where OFM should mail the title (and temporary tag if applicable) that will result from the request. Such addresses must be either the physical address of the associated mission or the mission member’s residential address. Missions should be aware that no titles will be mailed to applicants unless OFM has received the hard plates (and any other “exchanges”), or, where plates were lost or stolen, a copy of the police report documenting the lost or theft.

For title requests associated with missions located in the Washington, DC, Metropolitan Area, missions or their members must send all OFM-issued hard license plates, wrapped in clear plastic, solely via DHL, Federal Express, UPS, or a similar service, with the applicable e-Gov transaction ID number prominently displayed on the outside of the package to:

Office of Foreign Missions - DMV
3507 International Place, NW
Washington, DC 20008

For title requests associated with missions located outside the Washington, DC, Metropolitan Area, missions or their members must send all OFM-issued hard license plates, wrapped in clear plastic, solely via DHL, Federal Express, UPS, or a similar service, with the applicable e-Gov transaction ID number
prominently displayed on the outside of the package to the appropriate OFM Regional Office (see enclosure for address details).

Given current operational constraints, OFM believes a reasonable timeframe for the processing and delivery of title requests to be a minimum of two weeks.

**Driver’s License (New)**

As a temporary measure, applications for the issuance of a new OFM driver’s license, for which the applicant can provide a copy of a driver’s license from any jurisdiction, to include licenses issued by foreign countries, that expired after 2016, and do not require the driver to wear glasses or corrective lens while driving, do not require successful completion of a new vision acuity test. Similarly, applications for the issuance of a new OFM driver’s license, for which the applicant can provide a copy of a driver’s license from any jurisdiction, to include licenses issued by foreign countries, that expired after 2016, and that require the driver to wear glasses or corrective lens while driving, also do not require successful completion of a new vision acuity test; however the OFM-issued driver’s license will include the restriction requiring the driver to wear glasses or corrective lenses while driving.

- **Return of driver’s licenses**
  Foreign missions in the Washington, DC Metropolitan Area may send driver’s licenses to:
Foreign missions located outside the Washington, DC Metropolitan Area may send driver’s licenses to the appropriate OFM Regional Office (see enclosure for address details).

**Driver’s License (Renewals)**

In response to a permanent policy change, unless the applicant has had an OFM-issued license for over six **consecutive** years, the successful completion of a new vision acuity test is no longer required for driver’s license renewals.
