DREAMS areas
■ Current DREAMS areas
■ New in COP20/FY21

Results/Targets

117,865 AGYW reached (FY19)³
686,083 AGYW targeted (FY21)*

Country Context

HIV Prevalence by Age and Sex¹

AGYW (18-24 years) reporting first sex as coerced: **Unavailable**

Median age at first birth²: **21.3 years**

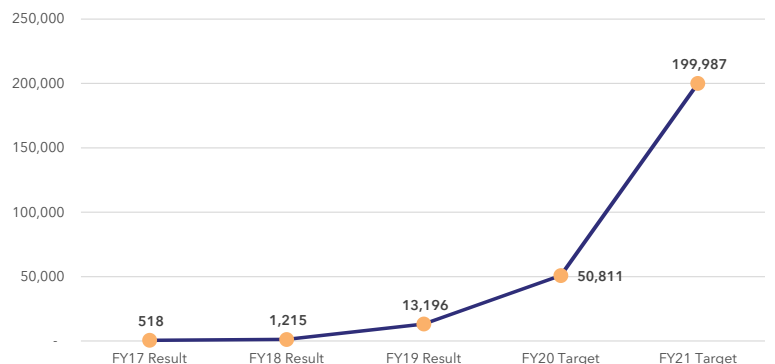

AGYW of lower secondary school age who are not in school: **Unavailable**

SOURCES: 1. HSRC, 2017 2. DHS, 2016 3. PEPFAR program data
 * COP20/FY21 budgets and targets are pending Congressional notification and approval.
 ** New in COP20/FY21

DREAMS Primary Package Completion by Age Band, FY19³

AGYW (15-24 years) Initiating PrEP in DREAMS SNU³

SOUTH AFRICA

DREAMS OVERVIEW (FY 2016-2021)

Implementing Partners

- FHI360
- Centre for Communication Impact
- Maternal, Adolescents and Child Health Systems
- Anova
- Shout It Now
- TB/HIV Care Association
- The Networking HIV and AIDS Community of South Africa
- Children in Distress Network
- HIV South Africa
- Education Development Center (EDC)
- Wits Reproductive Health Institute
- Right to Care**
- Broadreach**
- M2M**
- PACT**

** New in COP20/FY21

Private Sector Activities

Gilead

- Donating PrEP medicines for approximately 40,000 AGYW; the donation not only led to the expansion of PrEP among high-risk AGYW, but also enabled discussions with governments on PrEP policies - an example of catalytic progress towards policy development and new innovations.

Johnson & Johnson

- Conducted workshops to hear insights from AGYW on their needs to inform programming; market segmentation analytics and peer-to-peer programs have helped the DREAMS partnership understand the behaviors of AGYW and amplify their voices in a way that is most responsive to their needs.

Bill & Melinda Gates Foundation

- Brings neutrality and independence in measuring DREAMS results through implementation science research and impact evaluation studies.
