Therefore, to remedy the omission in the signed United States alternat of the Agreement, the Embassy proposes, on behalf of the Government of the United States of America, that the following language be inserted immediately following Article VI in the signed United States alternat only:

Article VII

Access and use of facilities

The Government of the Kingdom of the Netherlands may provide to the Government of the United States of America, and representatives or agents of the United States Government as mutually determined, unimpeded access and use of facilities and areas in the Kingdom of the Netherlands, as mutually determined in MoUs or other written arrangements subject to this Agreement.

DIPLOMATIC NOTE

Article VIII
Personnel exchanges

This provisions of the Annex to this Agreement shall apply to the assignment, placement, exchange, or liaison of units and personnel between the Parties' national defense organizations pursuant to the MoUs or other written arrangements subject to this Agreement.

The signed Netherlands alternat of the Agreement would remain unchanged.

If the foregoing proposal is acceptable to the Government of the Kingdom of the Netherlands, this note and the Ministry's affirmative note in reply will constitute a rectification of the signed United States alternat of the Agreement that will become part of the official Agreement record.

The Embassy of the United States of America avails itself of this occasion to renew to the Ministry of Foreign Affairs of the Kingdom of the Netherlands the assurances of its highest consideration.

Due to the printing error, the United States alternat was subsequently signed without Article VII and Article VIII included. The aforementioned printing error did not occur with the Netherlands alternat of the Agreement which was signed with all the articles included.

Therefore, to remedy the omission in the signed United States alternat of the Agreement, the Embassy proposes, on behalf of the Government of the United States of America, that the following language be inserted immediately following Article VI in the signed United States alternat only in the signed United States alternat only.

To the Embassy of the United States of America
in
Wassenaar

Article VII

Access and use of facilities

The Government of the Kingdom of the Netherlands may provide to the Government of the United States of America, and representatives or agents of the United States Government as mutually determined, unimpeded access and use of facilities and areas in the Kingdom of the Netherlands, as mutually determined in MoUs or other written arrangements subject to this Agreement.

Article VIII

Personnel exchanges

This provisions of the Annex to this Agreement shall apply to the assignment, placement, exchange, or liaison of units and personnel between the Parties' national defense organizations pursuant to the MoUs or other written arrangements subject to this Agreement.

The signed Netherlands alternat of the Agreement would remain unchanged.

If the foregoing proposal is acceptable to the Government of the Kingdom of the Netherlands, this note and the Ministry's affirmative note in reply will constitute a rectification of the signed United States alternat of the Agreement that will become part of the official Agreement record.

The Embassy of the United States of America avails itself of this occasion to renew to the Ministry of Foreign Affairs of the Kingdom of the Netherlands the assurances of its highest consideration."

The Ministry, on behalf of the Government of the Kingdom of the Netherlands, hereby informs the Embassy that the proposal in the Embassy's note is acceptable to the Government of the Kingdom of the Netherlands and that the Embassy's note and this note in reply will constitute a rectification of the signed United States alternat of the Agreement that will become part of the official Agreement record.
