SERVING MY COUNTRY + DIPLOMACY = FUTURE SUCCESS

The Bureau of Diplomatic Security (DS) — the law enforcement and security arm of the U.S. Department of State — provides a safe and secure environment for the conduct of U.S. foreign policy. DS personnel protect people, property, and information — to help secure global diplomacy in over 270 U.S. diplomatic missions worldwide.

DS is a leader in discovering and mitigating terrorist threats to American lives and facilities, mounting international investigations, and generating innovations in cyber security and physical security engineering.

Interns with the U.S. Department of State review special protective equipment used by Diplomatic Security Special Agents.

Members of the DS team are a diverse group of individuals from all cultures, races, religions, and backgrounds. They are adaptable, strategic thinkers who can handle complex and challenging careers. Some have prior military, law enforcement, or security experience, while others have varied backgrounds that include law, engineering, business, teaching, and other disciplines. Diplomatic Security seeks students from all academic backgrounds for the DS internship programs.
WHAT A DS INTERNSHIP OFFERS YOU...

You will work closely with representatives of the U.S. Department of State’s Foreign and Civil Services — among them, Diplomatic Security Special Agents, Security Engineering Officers, Security Technical Specialists, and Diplomatic Couriers. Our internship program is both professionally and academically beneficial, providing hands-on experience and insight into the law enforcement and security side of U.S. foreign policy.

I learned what it took to protect our nation’s most high profile diplomats as they travel around the world conducting U.S. foreign policy. The experience and insight in diplomacy and law enforcement tactics, techniques, and procedures that I gained were invaluable.

Surrounded by DS Special Agents as an intern, I knew that DS would provide significant responsibility right out of the gate. Nothing could have prepared me better for a career in the Foreign Service.
