

THE AMERICAN SCHOOL OF BRASILIA (EAB)

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, current unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in late 2020. If a field is not specified, please reach out to the REO listed below for more information.

The American School of Brasilia (EAB) is a private, English-language, international baccalaureate (IB) school founded in 1961. We offer an educational program from K3 through grade 12 and have students from over 40 countries. We offer the opportunity for students to develop bilingualism with our strong Portuguese language program. Read more on the [Overseas Schools Fact Sheet](#).

MISSION & VISION

"Our mission is learners inspiring learners to be inquisitive in life, principled in character, and bold in vision. Our vision is to positively impact the world through excellence in academics, activities, arts, leadership, and service."
