

INTERNATIONAL SCHOOL OF CURACAO (ISC)

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, current unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in late 2020. If a field is not specified, please reach out to the REO listed below for more information.

The International School of Curaçao (ISC) is a K-12, accredited, private, nonprofit, coeducational day school that provides instruction in English. ISC was founded in 1968 and offers a rigorous academic program in order to prepare students who plan to pursue higher learning at colleges and universities around the world. The school year extends from mid-August to mid-June.

Read more on the [Overseas Schools Fact Sheet](#).

MISSION & VISION

In order to bring the Vision and Mission of ISC to life, we aim to develop future citizens as individuals who are collaborative, involved, respectful, and responsible. Teaching about the lives, environments, social, political, economic, and cultural interactions and connections that exist across national and cultural borders while acknowledging people's complexities. These values and practices enable our students to negotiate an ever-changing global society.

ADMISSIONS

The school's admission criteria and procedures can be found at isc.cw/admissions.
