

INTERNATIONAL SCHOOL OF HYDERABAD

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, current unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in late 2020. If a field is not specified, please reach out to the REO listed below for more information.

The **International School of Hyderabad** is an independent, not-for-profit, coeducational day school offering an educational program from early childhood to grade 12. ISH is a mission driven school which is deliberately diverse and admissions are based on a "right fit" approach with a belief in the ISH philosophy of inquiry based and collaborative learning. The school year is comprised of two semesters: mid-August to mid-December and early January to mid-June. Read more on the [Overseas School Fact Sheet](#).

MISSION & VISION

At ISH, learning is personalized. We encourage independent thinkers who take responsibility for their own learning, with our full professional support. We work with them to build deep conceptual understanding, high levels of competency and a positive, moral character: the tools for success in navigating a complex, challenging world.

ADMISSIONS

The school's admission criteria and procedures can be found at www.ishyd.org/admission.
