

ST. STEPHEN'S SCHOOL

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, current unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in late 2020. If a field is not specified, please reach out to the REO listed below for more information.

St. Stephen's School is an independent, nondenominational, coeducational day and boarding school, which offers an educational program from grade 9 through grade 12 for students of all nationalities. A post-graduate year (grade 13) is also available. The school opened in 1964. The school year comprises two semesters, which extend from late August to mid-June.
