

QSI INTERNATIONAL SCHOOL OF MONTENEGRO

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, current unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in late 2020. If a field is not specified, please reach out to the REO listed below for more information.

QSI International School of Montenegro (QSIM) is an international, coeducational day school that enrolls over 100 students from over 25 countries around the world. QSIM, one of 35 QSI schools around the world, offers an American-model, college-preparatory education in the English language for students from three to 18 years of age (PK through HS). Read more on the [Overseas Schools Fact Sheet](#).

MISSION & VISION

"With students from over 24 different nationalities, the Preschool through Secondary School programs at QSI International School of Montenegro focus on the development of 21st Century Learning skills such as critical thinking and problem solving; leadership and collaboration; cultural awareness and digital literacy."

ADMISSIONS

The school's admission criteria and procedures can be found at montenegro.qsi.org/admissions.
