NOTICE

Driver's License Knowledge Exam – New Language Options

The Department's Office of Foreign Mission (OFM) wishes to inform the foreign missions that effective immediately, license knowledge exams that are administered virtually through Proctor360 will be offered in Thai and Arabic.

Qualified individuals may register for an exam session online via: <https://proctor360.com/take-an-exam/ofm-test>. Registration must be submitted at least one day in advance and individuals must check-in during the designated exam time.

Missions are reminded that exams are provided for those mission members and their dependents who are required to pass only a knowledge exam prior to gaining a Department-issued driver's license. Those members and their dependents who are also required to take a driving exam, must still take both exams at a state DMV.

Questions regarding this new change may be referred to OFM-Policy@state.gov.
