

# BEIJING, CHINA INTERNATIONAL SCHOOL OF BEIJING (ISB)

## ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

**The International School of Beijing (ISB)** is an extraordinary school, with a history of excellence spanning 40 years. Our mission, vision, and core values are fulfilled by passionate, highly qualified educators who all want the best for every student, early years through grade 12. The International School of Beijing was the first international school in Beijing and today is recognized as a leading learning community. Read more on the [Overseas Schools Fact Sheet](#).
