

IMPROVING EDUCATIONAL OPPORTUNITIES ABROAD

OSAC Grant Program Goals

1. Ensure highly trained and qualified teaching and administrative staffs.
2. Work with and enhance such ancillary bodies as school boards and parent/teacher organizations.
3. Develop, refine, and update educational curricula and materials.
4. Assure that educational staffs are kept abreast of developments in educational technology and their implications for schools.
5. Assure that overseas schools keep current with U.S. educational practices, procedures, and standards and thus assure continued accreditation.
6. Develop student leadership programs that enable youngsters to function either on their own or in groups as they enter institutions of higher education, and/or help in the transition of youth from one school base to another.
