

PORT AU PRINCE, HAITI

UNION SCHOOL

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

The **Union School**, founded in 1919, is a private, coeducational day school offering an American style college preparatory education, to students of all nationalities in prekindergarten through grade 12. The school year comprises two semesters extending from late August to mid-January and from mid-January to mid-June.
