

QUALITY SCHOOLS INTERNATIONAL-BAKU INTERNATIONAL SCHOOL (QSIB)

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

Quality Schools International - Baku International School (QSIB) is an independent, coeducational, day school, which offers an educational program for students from pre-kindergarten (two years old) through grade 12 for students of all nationalities. The school was founded in 1994 and expanded its program after moving to its new facility during the summer of 2003. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

Admission criteria and procedures can be found at baku.qsi.org/admissions.

Special needs information can be found at baku.qsi.org/student-services/learning-support.

"We are open to looking at student admissions on a case by case basis. We are not limited to what is indicated on the infographic."
