# AMERICAN INTERNATIONAL SCHOOL OF KINGSTON (AISK)

## ASSISTED SCHOOL SPECIAL NEEDS PROFILE

**NOTE:** School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

**American International School of Kingston (AISK)**, founded in 1994, is a private, coeducational day school, which offers an educational program from preschool through grade 12 for students of all nationalities. The school year comprises two semesters extending from late August to mid-January and from mid-January to early June. AISK is an International Baccalaureate (IB) World School accredited by Cognia.
