

# NAIROBI, KENYA INTERNATIONAL SCHOOL OF KENYA

## ASSISTED SCHOOL SPECIAL NEEDS PROFILE

**NOTE:** School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

**The International School of Kenya (ISK)** is a private, nonprofit coeducational day school that offers a prekindergarten to grade 12 educational program and the International Baccalaureate (IB) Diploma Program to students of all nationalities. The institution was formed in 1976 by the U.S. and Canadian governments. The school year is divided into two semesters, one lasting from early August to December and the other from January to early June. Read more on the [Overseas Schools Fact Sheet](#).

### ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at [www.isk.ac.ke/admissions](http://www.isk.ac.ke/admissions). Special needs information can be found at [www.isk.ac.ke/academics/student-support-services](http://www.isk.ac.ke/academics/student-support-services).

IN GENERAL, THE SCHOOL CAN SUPPORT STUDENTS WHOSE LEARNING SUPPORT NEEDS ARE

### Mild, Moderate, More Intensive

ABLE AND WILLING TO ACCOMMODATE STUDENTS WITHIN THE FOLLOWING CATEGORIES

|                                       |     |                                    |     |
