

QSI INTERNATIONAL SCHOOL OF SKOPJE

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

QSI International School of Skopje is a private, coeducational day school that opened in September 1996 and offers a high-quality, The school's educational philosophy, which includes a personalized approach to instruction, leads to teaching for mastery to ensure success for all students in a positive learning environment. QSI believes in the success of all students and uses time as a resource for learning. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at skopje.qsi.org/admissions.

IN GENERAL, THE SCHOOL CAN SUPPORT STUDENTS WHOSE LEARNING SUPPORT NEEDS ARE

Mild

QSI admits students with limited learning needs, challenges, or disabilities once it has been determined that the student can succeed at the school. For students with moderate to severe disabilities, the school will review additional information including evaluations, reports, IEPs, or school referrals required to help the school assess whether a program can be provided to meet the academic needs of the applicant. QSI schools sometimes accept special-needs students based on the family or sponsor providing the additional school fees to cover the cost of additional professional services. Students identified with challenges the school is unable to effectively address can be denied admission to the school.
