

UKRAINE, KYIV KYIV INTERNATIONAL SCHOOL (KIS)

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

Kyiv International School (KIS) is a private, nonprofit, coeducational day school, which offers an educational program from Pre-K-grade 12 for students of all nationalities. The school year is from August to June. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at kyiv.qsi.org/join-kis.
Special needs information can be found at kyiv.qsi.org/student-support/learning-center.

Due to the geopolitical issues in this region, the ability of this school to provide services may have been affected. Please contact the REO.
