

WARSAW, POLAND

THE AMERICAN SCHOOL OF WARSAW (ASW)

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

The American School of Warsaw (ASW) is an independent, coeducational day school that offers an educational program from pre-kindergarten through grade 12 for students of all nationalities. The school was founded in 1953. The school year for the elementary in grades 1-5 is comprised of six reporting periods, while grades pre-K-K have three reporting periods. In all cases, an end-of-year student progress report is issued in June. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at www.aswarsaw.org/admissions.
