

KIGALI, RWANDA

INTERNATIONAL SCHOOL OF

KIGALI - RWANDA

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in fall 2022 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

The International School of Kigali - Rwanda (ISKR) is a non-profit, independent, coeducational university preparatory program serving students from PK-grade 12. ISKR is a child-centered community of learners rooted in intercultural understanding, that encourages critical thinking and promotes curiosity while offering transformative experiences in Rwanda. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at www.iskr.org/admission. Special needs information can be found at www.iskr.org/approach-to-learning/support.

IN GENERAL, THE SCHOOL CAN SUPPORT STUDENTS WHOSE LEARNING SUPPORT NEEDS ARE

Mild

ISK is developing additional programs to meet additional needs. This year we added the LS self contained with plans to have more accommodations for students needs.
