

# BRASILIA, BRAZIL THE AMERICAN SCHOOL OF BRASILIA (EAB)

## ASSISTED SCHOOL SPECIAL NEEDS PROFILE

**NOTE:** School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in spring 2023 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

**The American School of Brasilia (EAB)** is a private, English-language, international baccalaureate (IB) school founded in 1961. We offer an educational program from K3 through grade 12 and have students from over 40 countries. We offer the opportunity for students to develop bilingualism with our strong Portuguese language program. Read more on the [Overseas Schools Fact Sheet](#).
