

PHNOM PENH, CAMBODIA

INTERNATIONAL SCHOOL OF PHNOM PENH

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in spring 2023 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

The International School of Phnom Penh (ISPP) is a private, nonprofit, English-language, coeducational day school that was founded in 1989 and offers an educational program from preschool (three-year-old) through grade 12. The school year consists of two semesters, each with two terms, extending from early August to mid-December and from early January to mid-June. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at www.ispp.edu.kh/join-ispp.
