

TALLINN, ESTONIA

# INTERNATIONAL SCHOOL OF ESTONIA (ISE)

## ASSISTED SCHOOL SPECIAL NEEDS PROFILE

**NOTE:** School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in spring 2023 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

**The International School of Estonia (ISE)** is a coeducational day school that offers an educational program for students ages three to 20 of all nationalities. ISE was founded in 1995. Read more on the [Overseas Schools Fact Sheet](#).

## ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at [ise.edu.ee/admission](http://ise.edu.ee/admission). Special needs information can be found [here](#) and [here](#).
