

CHISINAU, MOLDOVA

QSI INTERNATIONAL SCHOOL OF CHISINAU (QSIIC)

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in spring 2023 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

The QSI International School of Chisinau (QSIIC) is an independent, coeducational day school, which offers an educational program from pre-kindergarten through grade 12 for students of all nationalities. The school was founded in 1996. The school year comprises three terms extending from late August to mid-June. The school is fully accredited for grades PK-12 by Middle States Association of Colleges and Schools. Read more on the [Overseas Schools Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

The school's admission criteria and procedures can be found at chisinau.qsi.org/admissions.

"QSI Mastery learning ensures small class sizes, modified testing environments, extra help from teachers and assistance with assignments. Our caring staff is motivated to make education work for all students who come to us."
