

AMERICAN SCHOOL OF DOHA

ASSISTED SCHOOL SPECIAL NEEDS PROFILE

NOTE: School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in spring 2023 and shows the availability of services rather than an assessment of the quality of the services. The profile is intended as a jumping off point for a conversation with the REO and school to understand the best fit for your child. Definitions may vary school to school. If a field is not specified, please reach out to the REO listed below for more information.

The [American School of Doha](#) (ASD) is an independent, coeducational, nonprofit day school, which offers an educational program for children of all nationalities from pre-kindergarten through grade 12. The school was founded in 1988. The school year comprises four quarters extending from late August to mid-June. Read more on the [Overseas School Fact Sheet](#).

ADMISSIONS & SPECIAL NEEDS INFORMATION

Information is not available on ASD website. Information available upon request. Admission for students needing limited support will be determined on a case by case basis and is dependent upon the level of support available. ASD does not offer the full continuum of special education programs as mandated by law for US public schools.
