NOTICE

Notice of Updated Airport Parking in the Washington DC Area

The Department of State's Office of Foreign Missions (OFM) informs International Organizations of the updated diplomatic parking policies in effect at Washington, DC area airports.

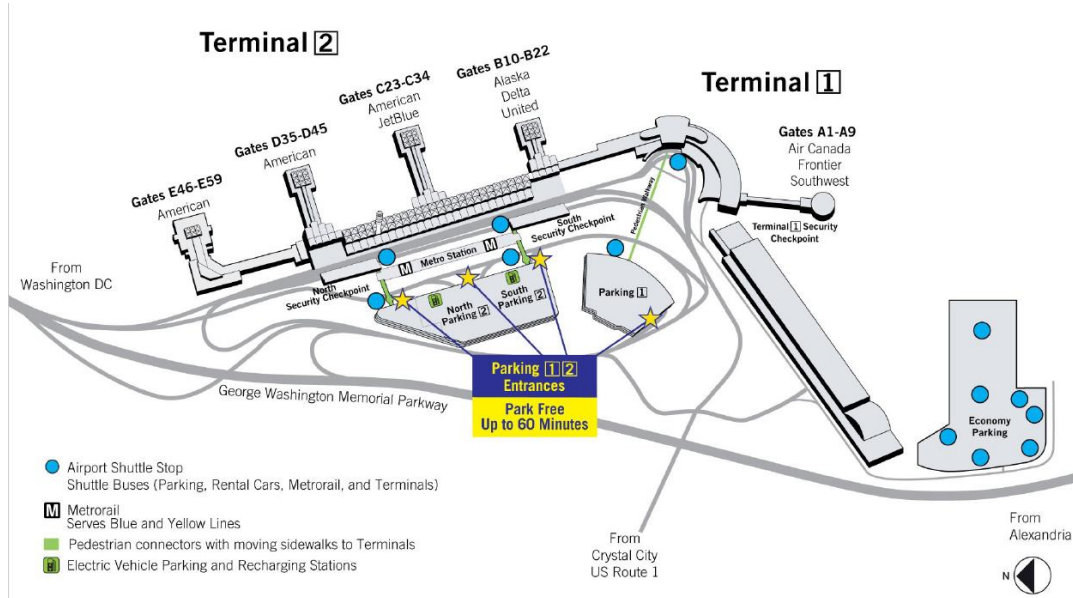

The International Organizations are informed that the Congressional, Supreme Court, and Diplomatic parking area at Ronald Reagan Washington National Airport (DCA) remains closed due to continuing construction. As construction continues, vehicles bearing diplomatic "D" license plates and displaying placards issued by the Department's Office of Foreign Missions (OFM) (inside the windshield or on the visor, where clearly visible) will remain eligible for free parking in garages 1 and 2. During construction, drivers will find that space in these garages may be limited. If these garages are full, vehicles bearing diplomatic "D" license plates and displaying placards may also park for free at any of the airport's public parking lots, such as the economy Lot. To be exempt from payment at any of the airports' public garages or lots, diplomats are required to sign their parking receipts and present their Department-issued diplomatic identification cards to the parking attendant upon exiting the parking facility.

At Washington Dulles International Airport (IAD), due to limited facilities, vehicles bearing diplomatic "D" license plates are eligible for free parking in the terminal lot. To be exempt from payment at any of the airport's public garages or lots, diplomats are required to sign their parking receipts and present their Department-issued diplomatic identification cards to the parking attendant upon exiting the parking facility.

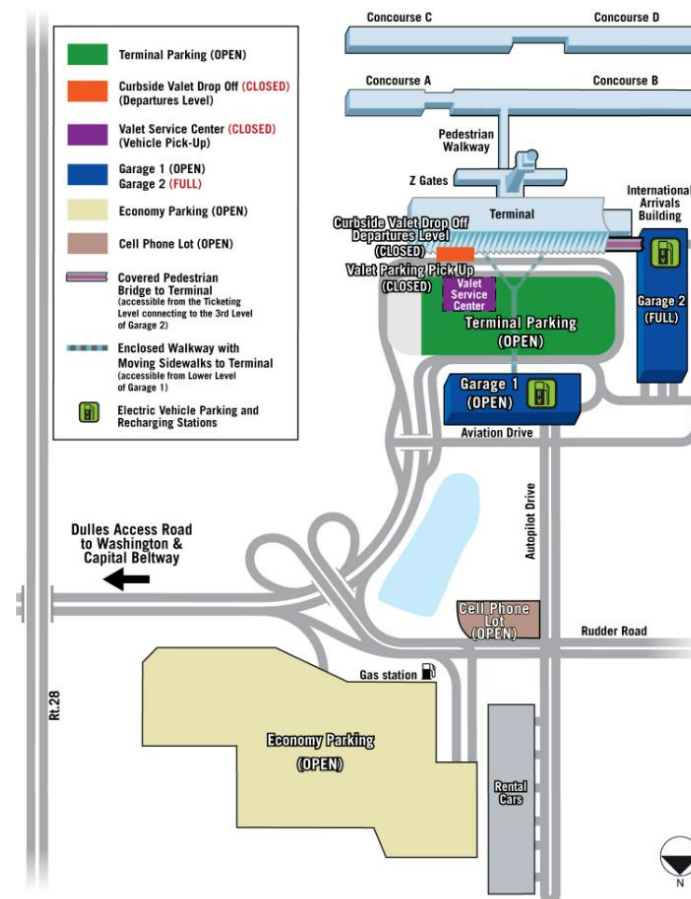

At Baltimore/Washington International Thurgood Marshall Airport (BWI), due to limited facilities, only Chiefs of Mission in possession of a department-issued diplomatic identification card which lists their 'Title' as "Ambassador" are eligible for free "VIP" parking. Parking is available in the daily or long-term garages and there is no need to display the aforementioned airport parking placards at BWI.

Parking maps for DCA, IAD and BWI are enclosed. The Department requests that the International Organizations disseminate this information to all relevant personnel. Inquiries regarding diplomatic airport parking may be directed to OFM at OFM-FMS@state.gov.
